

HALDER EH 22080.

BN 13376 - Spring plungers smooth execution, with collar and ball standard spring pressure

Manufacturer

 **HALDER**

Product description

- Ball: stainless steel, hardened
- Spring: stainless steel

Additional information

Light spring load: marked with one line
Heavy spring load: marked with two lines

Brand

HALDER

Brandtype

EH 22080.

Material

Stainless steel

Material type

1.4303

Version

standard spring pressure

1) Statistical average value
