

**3967 SXL HF TORX® L-key Multicolour with holding function, long, stainless, TX 25**  
**x 154 mm**  
**L-Keys for TORX® Screws**

<b>EAN:</b>	4013288207180	<b>Size:</b>	159x32x6 mm
<b>Part number:</b>	05022685001	<b>Weight:</b>	28 g
<b>Article number:</b>	3967 SXL HF TORX® Multicolour	<b>Country of origin:</b>	CZ
		<b>Customs tariff number:</b>	82041100

- The holding function on the long arm keeps screws securely on the tool
- Extremely high corrosion protection thanks to ice-hardened stainless steel design
- Handle-friendly hose jacket with tool finder "Take it easy": Colour coding according to size

High quality stainless steel L-key for internal TORX® screws. Very corrosion-resistant due to ice-hardened stainless steel material of the L-key, avoiding the transmission of extraneous rust in stainless steel screw connections. With holding function on the long arm: The clamping force resulting from the surface pressure between the output tip and the screw profile holds the screws securely on the tool. With extra long arm for working in a low position. The grip-friendly hose jacket facilitates screwdriving even at low temperatures. "Take it easy" tool finder with colour coding by size.

# 3967 SXL HF TORX® L-key Multicolour with holding function, long, stainless, TX 25

x 154 mm

L-Keys for TORX® Screws

## Stainless L-keys

Stainless L-keys are hardened to the same strength as conventional (carbon) steel tools, and prevent extraenous rust forming.

## With sleeve

L-keys with a thermoplastic sleeve are manufactured out of easy-to-grip, circular material. The sleeve ensures that work is safe and comfortable even at low temperatures. Colour coding and large stamp to enable the desired L-key to be easily located.

## Holding function for recessed TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

## Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
