

3967 SXL HF TORX® L-key Multicolour with holding function, long, stainless, TX 40
x 224 mm
L-Keys for TORX® Screws

EAN:	4013288207210	Size:	230x8x50 mm
Part number:	05022688001	Weight:	81 g
Article number:	3967 SXL HF TORX® Multicolour	Country of origin:	CZ
		Customs tariff number:	82041100

- The holding function on the long arm keeps screws securely on the tool
- Extremely high corrosion protection thanks to ice-hardened stainless steel design
- Handle-friendly hose jacket with tool finder "Take it easy": Colour coding according to size

High quality stainless steel L-key for internal TORX® screws. Very corrosion-resistant due to ice-hardened stainless steel material of the L-key, avoiding the transmission of extraneous rust in stainless steel screw connections. With holding function on the long arm: The clamping force resulting from the surface pressure between the output tip and the screw profile holds the screws securely on the tool. With extra long arm for working in a low position. The grip-friendly hose jacket facilitates screwdriving even at low temperatures. "Take it easy" tool finder with colour coding by size.

3967 SXL HF TORX® L-key Multicolour with holding function, long, stainless, TX 40
x 224 mm
L-Keys for TORX® Screws

Stainless L-keys

Stainless L-keys are hardened to the same strength as conventional (carbon) steel tools, and prevent extraenous rust forming.

With sleeve

L-keys with a thermoplastic sleeve are manufactured out of easy-to-grip, circular material. The sleeve ensures that work is safe and comfortable even at low temperatures. Colour coding and large stamp to enable the desired L-key to be easily located.

Holding function for recessed TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
