Temperature	5 - 50 °C
Package	UniBag
Product size (L x W x H)	40 x 160 x 10 mm
Package size (L x W x H)	120 x 200 x 11 mm
Net weight	12 g
Gross weight	15 g
EAN code	5901720136350
Warranty	24 months

Description

The **Akyga® AK-CA-75 internal USB adapter** is a necessary accessory if you have a motherboard with a higher standard of USB port than in your computer case panel. It allows you to connect a **USB 2.0 9-pin USB** port to a **USB 3.0 19-pin** socket of your motherboard. After connecting the converter, the USB 2.0 port from the motherboard continues to function as a USB 2.0 standard. Furthermore a **20 cm cable** allows you to freely connect the adapter inside the PC case.
