

Service cord
Model: **AK-SC-31**

Product code	AK-SC-31
Product type	Service cord
Connector resistance	550 Ω
Output connector	4.0 x 1.7 mm
Cable length	1.2 m
Material	PVC
Product color	Black
Package	UniBag
Product size (L x W x H)	130 x 90 x 25 mm
Package size (L x W x H)	230 x 130 x 26 mm
Net weight	45.5 g
Gross weight	49 g
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720136299
Warranty	24 months

Description

The Akyga® AK-SC-31 cable is used to service laptop power supplies. Its standard **length of 1.2 m** is comparable to the original cables in power supplies. What's more, it has specially prepared **cables without a termination** for direct soldering. Thanks to this, the cable assembly is much simpler and thus faster. Moreover, the product is characterised by high durability of materials, which ensures its long life. And the applied ferrite filter effectively prevents interference caused by changes in electric current. All this makes it an ideal replacement for an already faulty power cable **with a 4.0 x 1.7 mm** plug.

Akyga's offer includes many cables of various parameters, adapted to individual laptop models. Make sure that the dimensions and shape of the plug are compatible with your device.

The product is packed in standardized UniBag type packaging.
