

XTAR 26650-520PCM 5200mAh Li-ION

Protected 3,7V 7A

| Part                  | XTAR 26650-520PCM                             |
|-----------------------|-----------------------------------------------|
| VOLTAGE               | 3,70V                                         |
| Capacity              | 5200mAh                                       |
| Voltage chrgr(max)    | 4,20V                                         |
| Minimal voltage (min) | 2,50V                                         |
| Life                  | 500 cyclce                                    |
| Max discharge current | 7A                                            |
| Dimension             | $\Phi 26,6 \pm 0,1$ mm<br>H.68,3 $\pm 0,5$ mm |
| Weight                | 96g                                           |
