⊗TDK NTC Elements B57891S0103F008

RoHS Halogen Free

Applications	Commercial Grade Automotive Grade		
Features	UL Certificate		
Product Type	Resin coated NTC thermistors		
Terminal Shape	Lead spacing		
Туре	S891		
Status	Production	-	
Brand	EPCOS	'	

	Size
Detail Size Information	Please refer to the data sheet

Electrical Characteristics				
Nominal Resistance	10kΩ at 25°C			
Nominal Resistance Tolerance	±1%			
Nominal B value (Typ.) [25/100°C]	3950K			
Nominal B value Tolerance	±1%			
Reference B value (Typ.) [25/85°C]	3928K			
Reference B value (Typ.) [0/100°C]				
Max. Electric Power [at 25°C]	200mW			
Thermal Dissipation Constant [at 25°C]	4mW/°C			

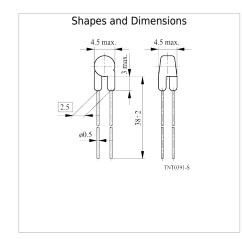

Other			
Operating Temperature Range	-55 to 155°C		
Terminal Note	Copper-clad Fe wire_tinned		
UL File No.	E69802		
AEC-Q200	NO		
Packing
