

Technical data sheet

**UDHOME2 floor socket, without floor covering recess,
double VDE, stainless steel**
Item no. 7368326

Square floor socket for use in dry-care cavity and screed floors in indoor areas. Installation housing with pre-marked insertion openings for pipes (M20/M25). Cover adjustable to top edge of floor covering using four height-adjustment supports. The minimum installation depth is 100 mm, the height-adjustment range is +35 mm.

Frame and cover made of stainless steel and visible in the floor covering. The load-bearing capacity of 15 kN is only guaranteed when in an unused state.

The scope of delivery contains a double protective contact socket.

Up to two modular data sockets can be installed in the optional mounting support.

A2 Stainless steel, rustproof
