

Model: **AK-SW-26**

Compatible with	Fitbit
Power supply connector	USB
Cable length	1 m
USB output voltage	5 V / 1 A
Package	UniBag
Product size (L x W x H)	61 x 48 x 61 mm
Package size (L x W x H)	160 x 100 x 61 mm
Net weight	45 g
Gross weight	48 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720137234
Warranty	24 months

Description

The Akyga® AK-SW-26 magnetic stand was created with **Fitbit** smart watches in mind. It is an ideal solution for those who like to keep their desk tidy. Compared to the original version of the charger, the stand can be used not only for charging. The accessory will also work perfectly as a holder for hanging the watch at night or when cleaning. What's more, the charger connector has an **integrated magnet**. This ensures optimum pressure of the watch on the charging contacts. This way you can be sure that your smart watch will charge without any obstacles. In addition, the bottom of the charger is equipped with rubber feet, which effectively reduce the sliding of the stand on the tabletop. They also provide protection against scratching the table surface. In addition, an undoubted advantage of the charger is the 1 m cable with USB connector. You can easily connect it to any power source with a USB-A port. You decide what you want to connect the charger to! It can either be a powerbank, which you use on the go, or an AC adapter.

Fits among others: Fitbit Versa 3, Fitbit Sense.
