Description

The Akyga® AK-SW-37 magnetic USB cable is used **to charge Fossil brand smart watches**. It's a handy adapter with a **built-in magnet** that stabilises smartwatch in the right position during charging. This way you can be sure that the charger always rests with the right force on your watch. Thus, a **stable connection** between the spring pins and the power rings. What's more, the charger has a **1 m cable with a USB-A connector**, which gives you the freedom to choose your power source. This can be either a laptop or an AC adapter. The **light weight and small size** of the cable mean that you can easily charge your watch on the move using a power bank or a car charger.

Suitable for, amongst others: Fossil Gen 5, Fossil Gen 6, Fossil Sport, Emporio Armani, Diesel On Axial.
