

USB Cable

Model: **AK-USB-36**

Product code	AK-USB-36
Product type	USB Cable
Maximum power	100 W (20 V / 5 A)
Cable length	0.5 m
The cable plug #1	USB Male connector type C
The cable plug #2	USB Male connector type C
Data transmission	480 Mbps
Plated plugs	Yes - nickel plated
Product color	Blue
Package	UniBag
Product size (L x W x H)	110 x 80 x 5 mm
Package size (L x W x H)	150 x 105 x 6 mm
Net weight	20 g
Gross weight	23 g
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720137500
Warranty	24 months

Description

The Akyga AK-USB-36 cable is a USB-C cable created **for fast charging** of devices. The high-quality materials from which it is made allow it to charge with **100 watts of power**. This ensures that the battery of your smartphone or laptop will be charged with the maximum power that most PD chargers provide. Therefore, it is an excellent choice if you need fast and efficient charging of your devices. What's more, **the E-Mark technology** used means that even large amounts of power will be transferred in a safe and controlled manner. So, you can easily charge almost any mobile device with a USB Type-C port with just one cable.

An additional advantage of the AK-USB-36 **USB-C cable** is its short length of just **0.5 m**. This, combined with **the durable nylon braid**, makes it ideal for charging equipment on the go. The short **flexible cable** makes it easy to use the portable powerbank, while the strong braid prevents abrasion and thus increases the life of the cable.

The cable is compatible with Power Delivery (PD), Quick Charge (QC), Samsung (AFC), Huawei (FCP/SCP) and Apple (2.4 A) chargers.
