

Popular screwdriver combinations for daily use.

FLEX-DOT 6-piece screwdriver sets

Complete initial equipment for mechanics and service technicians.

- Ergonomic design for proper handling: Rounded two-component handle with flexible “FLEX-DOT®” nubs for fatigue-proof and comfortable continuous use. Excellent grip attitude also with quick regripping. Combines high torques and pressure forces with balanced design for horizontal and vertical approach.
- Oil- and acid resistant non-stick special rubber handle.
- Finger recesses for more grip during fast turning.
- Easy-to-read sizes through laser marking process on matte-chrome plated shafts of chrome-silicon-manganesemolybdenum special alloy steel.
- Processed black tip for greatest precision for accepting screws. Also prevents tool from slipping.
