

Audio Cable

Create your own melody

6.5mm Male to Male Audio Cable

Professional electric guitar/speaker cable

The main image shows two Vention 6.5mm audio cables with gold-plated connectors. The cables are coiled and rest on a highly reflective, metallic surface. In the background, there is a black, cylindrical mesh speaker. The brand name 'VENTION' is clearly visible on the silver-colored connector housing of both cables. The overall aesthetic is professional and high-tech, with a dark blue and black color scheme accented by the gold of the connectors and the highlights on the reflective surface.

Hi-Fi audio Clear and beautiful	Gold-plated interface Anti-oxidant	Aluminum alloy shell Wear resistance	Braided jacket Anti-stretch ability
