Description

The Akyga® AK-AD-67 magnetic micro USB end is a compact addition to magnetic cables. It is an interchangeable connector **mounted in the power port** of mobile devices. The adapter fits the micro USB sockets found in smartphones, tablets or Bluetooth speakers, among others. Charging with its help reduces wear and tear on the device's power socket. Thus, the service life of such a device is significantly extended.

The magnetic USB cable is not included and must be purchased separately.
