Content of the package: Wireless Bluetooth earphones with power bank, charging cable, user manual, silicone tips sizes S, M, L

The TWS-10 wireless earphones with the Bluetooth 5.3 module provide the best sound quality without latency. Lower energy consumption allows you to enjoy music for up to 5 hours after a single charge, and thanks to the power bank built-in the case, you can extend this time up to 25 hours. The touch panel placed on both earphones makes it much easier to use and the IPX4 protection will be appreciated by people who like active outdoor activities.
