

Diamond Mounted Point Set, Spherical and Tapered, 3 Pcs.

For grinding ceramics, glass, tiles, non-ferrous metals

Properties

- 3 diamond mounted points, Ø 3 and 5 mm spherical, Ø 3.5 mm tapered for various tasks such as engraving, grinding contours and deburring
- diamond coated for high hardness, dimensional stability and service life when used on ceramics, glass, tiles and non-ferrous metals
- 3 mm shaft for easy mounting in drills, cordless screwdrivers, flexible shafts and miniature rotary tools

Technical data

Shaft diameter	3 mm
Direction of rotation	Clockwise rotation
Material/coating property	Diamond coated

Scope of delivery

- 1 diamond mounted point, Ø 3 mm, spherical
- 1 diamond mounted point, Ø 5 mm, spherical
- 1 diamond mounted point, Ø 3.5 mm, tapered

Diamond Mounted Point Set, Spherical and Tapered, 3 Pcs.
