

Qoltec Solar Connector | MC4 connector | Type T | 1000V | 30A

Product code: 52600

Qoltec brand MC4 Type T connectors designed for parallel connection of photovoltaic panels and solar inverters. It consists of a male component with two Pins and a female component with two sockets.

SECURE AND RELIABLE CONNECTION BETWEEN PV MODULES

Qoltec brand connectors are used to connect PV panels in photovoltaic installations, using appropriate solar cables, also available in our offer. The set includes a set of triple MC4 "+" and "-" connectors. Compatible with solar cables. They are designed to provide a safe and reliable electrical connection between PV modules.

FAST AND SECURE CONNECTION OF PV PANELS

The product is characterized by **high mechanical strength**, **resistance to high temperatures and UV radiation**, and the **high tightness class** confirms the **durability of the product and water resistance**. The connectors **guarantee tight clamping of the cable**. Thanks to the robust construction and high mechanical resistance, the connectors are sure to last for many years.

CONFIDENCE CONFIRMED BY A WARRANTY

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. The product comes with a **24-month warranty** valid from the date of purchase.
