

## Data sheet Product SK 176 1000 SA

---

- [Print data sheet](#)
- [Recommend page](#)

Profile heatsinks and liquid coolers>Standard extruded heatsinks

82 x 58 mm

### Features

---

drilling pattern: SSR 2

---

width: 82 mm

---

height: 58 mm

---

plate thickness: 8 mm

---

length: 1000 mm

---

thermal resistance: 1.75 - 0.98 K/W

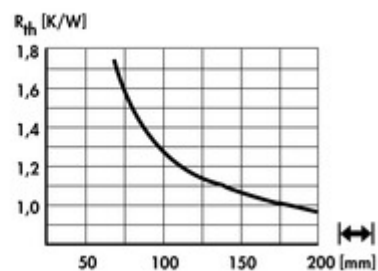

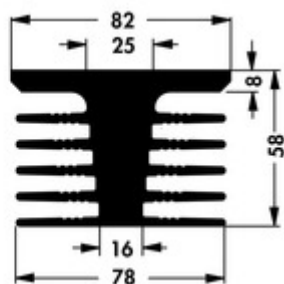

---

surface: black anodised

---

custom processing:

- individual CNC machining
- desired length
