

Qoltec RACK 19" cabinet | 6U | 600 x 370 x 600 | Perforated door | Hanging

Product code: 54489

RACK cabinets are also called ICT cabinets or server cabinets. These are industrial devices used to organize space for IT equipment. The cabinet has holes designed to be hung on the wall.

MULTI-SECTOR USE

RACK cabinets are used to store servers, network devices, UPS power generators or switches – the task of RACK cabinets is to protect the equipment and guarantee its **stable functioning** and **maintain order in the IT sphere**. They are used not only in the IT industry, but also in energy or industry, they are equipped with rubber shock-absorbing feet and a ventilation system, the main element of which is a perforated door.

ORGANIZE A SAFE SPACE

You don't have to worry about the stable functioning of the servers. **The space is organized and tidy, and servers and data remain secure.**

Rack cabinets are also an **integral part of each server room and guarantee the stable and effective operation of the data center.** They have many different parameters and variants of execution, so you will certainly **find a model that suits your needs.**

TRUST CONFIRMED BY WARRANTY

Do you care about the high quality of the product you buy? **Our solutions will meet your expectations.** Each of the RACK cabinets we offer is covered by a 24-month warranty valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Unit height	6 U
Material	SPCC Cold Rolled Steel
Usage	Server room Teletechnics Power engineering Industry
Additional information	Perforated front door with a lock Possibility to install fans Removable side panels Easy to assemble Durable construction
Color	Black
Dimensions	600 x 370 x 600 mm
Package contents	RACK cabinet Mounting set Front lock
Package depth / length [mm]	630
Package width [mm]	165
Package height [mm]	630
Net weight [kg]	17.9000
Gross weight [kg]	19.3000
Warranty	24 months
EAN code	5901878544892
