Product code: 54519

RACK cabinet is an ideal solution for companies, server rooms and stores looking for a solid and secure place to store telecommunication and IT equipment. Solid steel heavy-duty enclosure, perforated door with lock with right or left side mounting options. With an impressive 15U interior, the cabinet guarantees sufficient space for a variety of components, making it ideal for storing even the most advanced equipment.
– Adjustable feet + 4 pegs

STEEL PROTECTION FOR YOUR VALUABLE EQUIPMENT

Effectively secure the equipment and guarantee its stable operation

RACK cabinets are **used for storing servers, network equipment, UPS power generators or switches**   – the purpose of RACK cabinets is to   **protect the equipment and guarantee its stable operation** and maintain order in the IT sphere. Used not only in the IT industry, but also in the power industry or industry.

Solid steel construction guarantees stability even when fully loaded

It will be perfect for **storing equipment with a standard width of 19 inches** , however, it allows the placement of smaller devices thanks to the use of shelves. The interior of the cabinet, with an impressive **size of 15U**, guarantees sufficient space for a variety of components.   **The robust steel enclosure, characterized by strength and resilience**   , additionally features intelligently placed ventilation holes, the main element of which is the **perforated door, which maintains the optimal temperature inside**.

SECURITY AND ELEGANCE IN THE ORGANIZATION OF ICT EQUIPMENT

Perforated door with lock

A server cabinet is not only a **practical solution for storing ICT equipment, but also a guarantee of security, durability and elegant design** . Equipped with **perforated, damage-resistant doors that not only protect equipment, but also allow easy monitoring of the contents** . Key locking is an additional layer of protection, providing full access control. It makes the organization and management of telecommunications infrastructure aesthetically pleasing, easier and more efficient.

CONFIDENCE CONFIRMED BY A WARRANTY

Quality Guarantee - Safe Shelter for Your Equipment

Do you care about the high quality of the product you buy? Our solutions will meet your expectations. Each of the RACK cabinets we offer is covered by a **24-month warranty valid from the date of purchase**.
