

Qoltec Aluminum Adapter for M.2 SSD | SATA NGFF to SATA III | 2TB | Super speed 6Gb/s | Black

Product code: 52265

The Aluminum SATA to SATA III Adapter for M2 SSD is used to connect a SATA drive to a standard SATA III interface on a computer or as an external storage device. The adapter can be used directly with an external hard drive using the easy drive line.

DISCOVER A NEW LEVEL OF DATA STORAGE

When you invest in our product, you are choosing technology that you can rely on, both today and in the future

When you choose our M.2 SSD MSATA to SATA III drive adapter enclosure, you are investing in a product that combines cutting-edge technology with reliability. With support for SATA III speeds, data transfer reaches up to 6Gbps, allowing you to transfer large files quickly and efficiently, and advanced data stability protection features and a high-quality PCBA board are a guarantee that your files will be safe.

THE IDEAL CHOICE FOR THOSE WHO WANT THE HIGHEST QUALITY AND STABILITY

High quality PCBA board, Supports drives up to 2TB

Whether you're a professional, a technology enthusiast or just looking for a reliable storage solution, our product will meet your expectations. M.2 drive enclosure by Qoltec :

- support M.2 drives with dimensions 2230, 2242, 2260, 2280,
- Lightning fast Data Transmission **at up to 6Gb/s**,
- Built-in **LED indicates** the copy status, allowing you to easily control the process,
- One M.2 drive can support up to **2TB**,
- **Trouble-free Installation**: you don't need to install drivers, just plug and play with the simplicity of Plug&play
- **High-quality PCBA**: resistant to harsh conditions, guaranteeing long-term data protection and fast and efficient transfer.

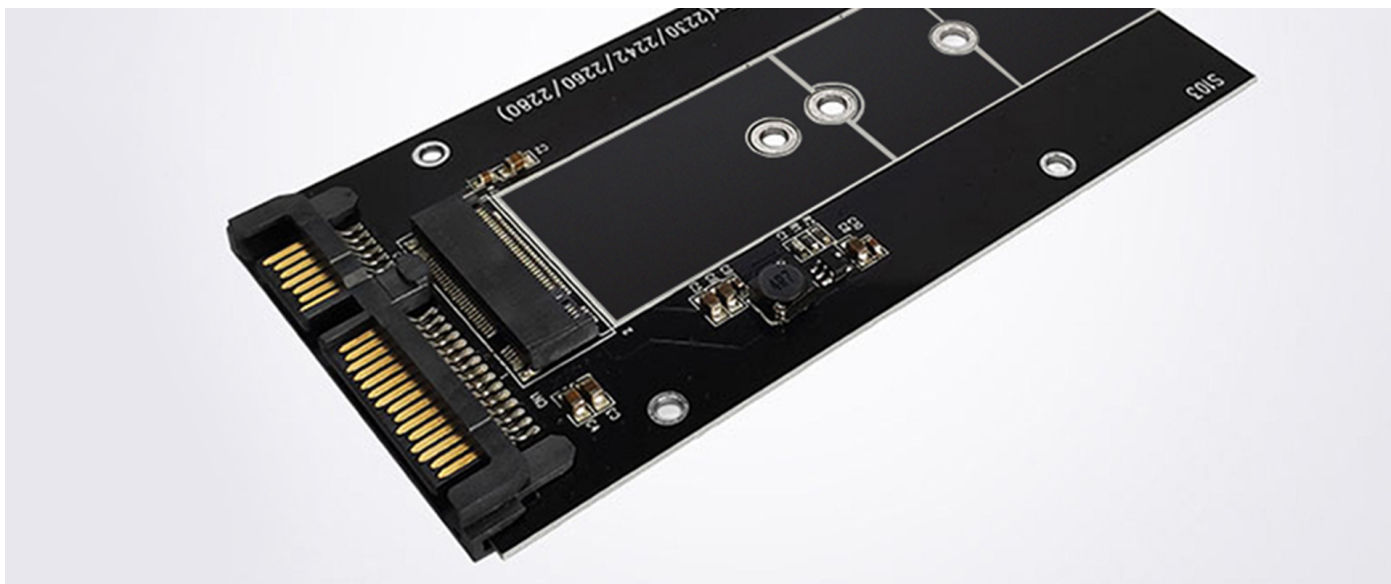

MAXIMUM MOBILITY IN AN ELEGANT ALUMINIUM HOUSING

Durable, sturdy, aluminum housing with compact dimensions

This is the ideal choice for those who want superior quality, stability and elegant design. It not only looks stylish, but is also extremely compact. **Made of high-quality aluminum, it helps dissipate heat.** The compact size of the case will allow you to take it with you to work or elsewhere. Thanks to its slim design, it takes up minimal space on your desk, which is ideal for modern, organized spaces. The durable enclosure provides effective **protection against crushing and prevents any damage to the drive.**

SUPPORT FOR M.2 SATA DRIVES

Supported M.2 SSD drive sizes: 2230, 2242, 2260, 2280

Whether you need a compact solution for a portable device or a large capacity for a desktop, our enclosure will meet your needs. The Qoltec enclosure supports four key sizes: 2230, 2242, 2260, and 2280. No special tools are needed to install the drive everything you need is included in the package, you just need to unscrew the screw and properly slide out the plate, insert the drive accordingly and slide it back into the enclosure.

CONFIDENCE CONFIRMED BY A WARRANTY

Product with 24 months warranty

Do you care about the high quality of the product you are buying? Our solutions will meet your expectations. The docking station comes with a **24-month guarantee** valid from the date of purchase.

TECHNICAL DATA

Producer	Qoltec
Standard	SATA NGFF
Capacity	2TB
Disk dimentions	2230 2242 2260 2280
Transmission speed	6 Gb/s
Chipset	JM5581DL
Interface	SATA / SATAIII
Housing type	External
Operating system	Win XP/7/8/10 and later versions MacOS Linux
Compatibility	SATA III
Usage	TV, PC, laptop
Additional information	Supports M2 SATA drives with capacities up to 2TB Not compatible with PCIe NVMe drives
Other parameters	
Colour	Black
Material	Aluminium
Dimensions (D/L x W x H)	100 x 70 x 7 mm
Package contents	1 x Adapter SATA 1 x Screwdriver 1 x Screwdriver set 1 x Warranty card
Package depth / length [mm]	90
Package width [mm]	140
Package height [mm]	17
Net weight [kg]	0.046
Gross weight [kg]	0.065
Warranty	24 month
EAN code	5901878522654
