

PLC-B9650T1747-BA

Lithium batteries use for:

Memory backup

Industrial and office equipment

Medical devices

Alarms and alarm systems

Gas, water flow meters

Professional electronics

Locating buoys

Beacons

Vehicle electronics

Lithium battery for Allen Bradley controllers, built with Sanyo/FDK CR14250SE 1/2AA or VARTA CR1/2AA

Parameters:

size: 1/2AA (14250)

technology: lithium-manganese (LiMnO₂)

voltage: 3,0V

capacity: 850mAh

operating temp. range: -40°C - +85°C

standard continuous discharge current: 0.5mA

maximum discharge current: 7mA;

pulsed discharge current: 70mA

storage time: 10 years

dimensions: diameter: 15mm; height: 27mm

weight: 11g

Replaces the following lithium batteries:

Allen Bradley 1747-BA

Allen Bradley 1769-BA

Allen Bradley A-40063-043-01

Allen Bradley TL-2150/C

Used in industrial machinery:

Allen Bradley 1746-BAS

Allen Bradley 1747-PT1

Allen Bradley HHT

Allen Bradley SLC-5/01

Allen Bradley SLC-5/02

Allen Bradley SLC-5/03

Allen Bradley SLC-5/04

Allen Bradley SLC-5/05

Allen Bradley SLC-500
