EAN 4016032478799

### Wireless HDMI Transmitter (TX) additional unit for DS-55319

With the Wireless Presentation System, you can wirelessly transmit HDMI video and audio signals in Full HD over a distance of up to 50 m with an unobstructed view. Operation and installation are super simple. Real Plug & Play - Just plug in and get started. With additional transmitters (DS-55320), the set can be extended to up to 16 transmitter units (total). Switch to the desired transmitter quickly and easily at the press of a button in order to reproduce your content. You can also share content directly from your mobile device (smartphone/table) using your device's OS directly, no additional app required. Transmitter and receiver can be supplied with power via your device's HDMI connection (> 500 mAh required). To have a safe and stable operation, we recommend to use always the Micro USB cables for power supply of TX and RX. Thanks to the compact design of the transmitter and receiver, installation is easy, quick and can be customized - the perfect solution for meeting and conference rooms.
