PROPERTIES

The product is made following EN1149-5 dissipate electro-static energy standards:

- Person wearing the electrostatic dissipative protective clothing shall be properly earthed. The resistance between the person and the earth shall be less than $10^8\Omega$ e.g. by wearing adequate footwear
- Electrostatic dissipative protective clothing shall not be opened or removed whilst in the presence of flammable or explosive atmospheres or while handling flammable or explosive substances
- Electrostatic dissipative protective clothing shall not be used in oxygen enriched atmospheres without prior approval of the responsible safety engineer
- The electrostatic dissipative performance of the electrostatic dissipative protective clothing can be affected by wear and tear, laundering and possible contamination

Electrostatic dissipative protective clothing shall permanently cover all non-complying materials during normal use (including bending and movements).

NB: The protection characteristics are valid only if the item is correctly dressed. Cleanroom Supplies Limited does not take any responsibility for any improper use of the garment.

EXPIRATION

It is suggested to use the product within a period of five years from the date of purchase.

WARNING

Make sure that the size corresponds with the end user. Do not make any modifications to the product.

- Check that the product has no defect and is in good condition (no holes, unsewn parts, etc.)
- Abandon the place of work immediately in case of damage to the product
- These garments are flammable - Keep away from fire
- Do not re-use once worn

Protect uncovered body parts (hands, feet, respiratory areas) with relevant protective equipment.

Choose products compatible with area of work.
