

NC-0300-WI

WIRELESS NETWORK CARD N300

PRODUCT FEATURES:

- Multi-antenna transmission (MIMO) increases connection speed compared to conventional methods,
- Micro-size for greater mobility of the device,
- Easy to install and configure with drivers provided on CD,
- WEP, WPA, WPA2 encryption support,
- Support for WPS 2.0, WPS-PIN, WPS-PBC.

PRODUCT SPECIFICATION:

Communication	Wireless
Wi-Fi standard	802.11n
Connectors	USB Type-A
Maximum network link speed	300 Mbps
Standard	USB
Wireless standards	2x2 MIMO, Frame aggregation, IEEE 802.11b/g/n 2.4GHz, IEEE 802.11e, IEEE 802.11i, IEEE 802.11k, Short Guard Interval
Operation modes	Client
Chipset	Realtek – RTL8192EU
Antenna type	Internal
Number of antennas	2
Antenna power	2 dBi
Environment temperature	from 0 up to 40 °C
Environment humidity	from 10 up to 90 %
Software	Yes
Supported Operating Systems	Linux, MAC, Windows XP, Windows Vista, Windows 7, Windows 8, Windows Vista 64bit, Windows 7 64bit, Windows 8 64bit, Windows 10, Windows 10 64bit
Dimensions	29,2 x 17,4 x 6,65 mm
Weight	12 g
