Adjustable tilt angle:	7 levels (0 – 40°)
Compatibility to:	18 inches
Unfolded dimensions:	250 × 180 × 140 mm
Weight:	245 g

The PB-05 portable desk stand is made of durable aluminium, offering stable support for devices such as laptops and tablets. Thanks to the 7-position angle adjustment, it is possible to comfortably adjust the height to suit your needs. The open design of the stand supports better ventilation, which helps to reduce the temperature of the device during use.
