

TECHNICAL DATA SHEET

Grease TF

A versatile product for maintenance, care, and protection of mechanical system components. The acid-free formula of Grease TF contains silicone and Teflon, ensuring gentle and precise application, corrosion resistance, and extended durability of lubricated surfaces. The product is non-toxic and safe for metal, plastic, rubber, and other materials. Its broad range of applications and exceptional properties highlight the reliability of Grease TF — an essential item not only in every handyman's toolbox but also in industrial production facilities.

Product features:

- versatile applications,
- protection against corrosion, oxidation and weather conditions,
- gentle lubrication,
- easy application,
- acid-free formula, safe for various materials.

Applications:

- printers, scanners, copiers, audio-video equipment,
- cables, locks, hinges, bushings and screws,
- machines in the paper, textile and food industries,
- outdoor energy equipment,
- valves, seals, faucets, connectors,
- bicycles, rollerblades and outdoor gear.

Physicochemical properties	
Appearance	White solid
Density at 20°C	~1.01 g/cm ³
Operating Temperature	-40°C to 250°C
Flash Point	300°C
Solubility in Water	Insoluble
Shelf life	3 years

TECHNICAL DATA SHEET

Compatibility:

Grease TF is chemically neutral and safe for most materials, including metal, plastic, and rubber. Thanks to its acid-free formula, it does not cause damage or corrosion, providing protection even in harsh environmental conditions.

Application method	
Direct Application	Yes
Spatula	Yes
Tube	Yes
Squeezer	Yes

Usage instructions:

Restricted to professional users. Read safety data sheet carefully prior to use.

Before application, clean the surface to remove dust and dirt. Apply the appropriate amount of lubricant to the area requiring maintenance using a tube, dispenser, or spatula. Spread evenly to cover the entire surface. Excess lubricant can be removed with a lint-free cloth.

Package	
Tube	3.5 g (ART.AGT-064) - 10/300 pcs.*
Squeezer	60 ml (ART.AGT-081) - 6 pcs.*
Plastic Box	20 g (ART.AGT-065) - 8 pcs.* 60 g (ART.AGT-066) - 8 pcs.* 1 kg (ART.AGT-067) - 1 pc.*

^{*}Quantity of pcs. in a bulk package

Storage:

Store in a well-ventilated, cool, and dry place. Keep containers tightly sealed when not in use.

Technical support:

AG TermoPasty provides technical support, answering questions about the technical specifications and applications of our products. Please contact us via email at info@termopasty.pl.
