【Product Description】

The CG573A HDMI cable is designed to deliver reliable high-definition video and audio transmission. It complies with HDMI 1.4V standards and supports 1080p@60Hz, 3D video, and Ethernet channel functions. Constructed with a gold-plated copper shell and covered in a durable black nylon braided mesh, the cable ensures optimal signal performance and long-lasting durability for home, office, and multimedia use.

【Tech Specs】

Technical Specification	Description
Model	CG573A
Color	Black
Cable Length	3.0m
Connector Type	HDMI Type A 19-pin Male to Male
HDMI Version	1.4V
Supported Resolutions	1080p
Refresh Rate Support	60Hz
Bandwidth	High Speed (10.2 Gbps)
Supported Features	3D, 1080p@60Hz, Ethernet
Connector Material	Gold-plated
Outer Diameter (OD)	7.3mm
Jacket Material	Black Nylon Braided
Compatibility	Windows, macOS, Linux
Plug-and-Play	Yes

【Features】

- 1. High definition support:** Delivers 1080p@60Hz resolution with 3D video capability.
 - 2. Ethernet function:** Supports HDMI Ethernet Channel for network sharing.
 - 3. Strong connector build:** Gold-plated copper shell with 1μm thickness for corrosion resistance.
 - 4. Rugged cable design:** Black nylon braided mesh enhances durability and flexibility.
 - 5. Universal HDMI support:** Compatible with TVs, projectors, monitors, and game consoles.
 - 6. Plug and play operation:** Easy installation without additional drivers.

【Application Environment】

1. **Home entertainment:** Ideal for TVs, Blu-ray players, and game consoles.
2. **Office projection:** Suitable for projectors, monitors, and conference systems.
3. **Multimedia networking:** Enables Ethernet over HDMI-capable devices.
4. **Professional AV setup:** Applicable in studio and video editing environments.
5. **Personal computing:** Connects laptops or desktops to external displays easily.

【Important Notice】

1. **Proper insertion:** Ensure both ends are fully connected to avoid signal loss.
2. **Avoid over-bending:** Excessive bending may damage the cable structure.
3. **Electromagnetic caution:** Keep away from high-power EMI/RFI sources.
4. **Cleaning method:** Use a dry cloth to clean the connectors gently.
5. **Indoor usage only:** This product is not suitable for outdoor environments.
