CORDED AND CORDLESS TOOLS

THE MEASURE OF A PRO™

STANLEYTOOLS.COM

STANLEY®

STANLEY® AND YOU WILL BE A LEADER

Since 1843, in everything we do, we have been setting the highest standards striving for excellence. No other company has a greater tradition, a more compelling history and experience in delivering robust, innovative and powerful tools that help users around the world to be the best.

Our mission is to help you become a leader, to unlock your potential and improve processes. Whether through faster work, a sharper cut or a more powerful impact, we help build and repair, creating some of the most pioneering tools in history.

STANLEY®'s passion is to constantly strive towards improvement, to create new solutions and help you become the best. We put this promise of our brand into action.

CORDED TOOLS

IMPACT DRILLS

IMPACT DRILLS

750W 1-GEAR IMPACT DRILL

- Powerful 750W motor, no-load speed of 0 - 3,200 RPM and electronic speed control ensures smooth start and controlled drilling in all materials
- Hammer action of 54,400 BPM for fast and efficient drilling through most difficult materials
- 13 mm quick-action metal chuck with one sleeve for strong bit retention and easy accessory change
- Forward and reverse switch, 3m cord and large/robust mode selector switch for operator comfort
- Sold with a kit box or in carton

SKU	FMEH750K
Max. Torque	20.1
Product Length (mm)	283
Product Height (mm)	254
Depth (mm)	77
Input Power (W)	750
Chuck Capacity (mm)	13
No Load Speed (RPM)	0-3200
Impact Rate (BPM)	0-54400
Max. Drilling Capacity - Wood (mm)	32
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	16
Product Weight (kg)	1.8

Product Code	Tool	Storage
FMEH750K	Impact drill	Kit box
FMEH750	Impact drill	Carton

850W 2-GEAR IMPACT DRILL

- Hammer action of 0 - 54,400 BPM for drilling into hard materials
- Quick-action metal chuck with two sleeves for strong bit retention and fast accessory change
- Powerful 850W motor with a 2-speed gearbox delivering 0 -1,100/3,200 RPM, electronic speed control ensures smooth start and controlled drilling in all materials
- Forward and reverse switch, 3m cord and large/robust mode selector switch for operator comfort

SKU	FMEH850K
Max. Torque	45
Product Length (mm)	328
Product Height (mm)	255
Depth (mm)	83
Input Power (W)	850
Chuck Capacity (mm)	13
No Load Speed (RPM)	0-1100/3200
Impact Rate (BPM)	0-54400
Max. Drilling Capacity - Wood (mm)	50
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	18
Product Weight (kg)	2.2

1100W 2-GEAR IMPACT DRILL

- Hammer action of 0 - 54,400 BPM for drilling into hard materials
- Quick-action metal chuck with two sleeves for strong bit retention and fast accessory change
- Powerful 1,100W motor with a 2-speed gearbox delivering 0 -1,100/3,200 RPM, electronic speed control ensures smooth start and controlled drilling in all materials
- Forward and reverse switch, 3m cord and large/robust mode selector switch for operator comfort

SKU	FMEH1100K
Max. Torque	69
Product Length (mm)	339
Product Height (mm)	255
Depth (mm)	83
Input Power (W)	1100
Chuck Capacity (mm)	13
No Load Speed (RPM)	0-1100/3200
Impact Rate (BPM)	0-54400
Max. Drilling Capacity - Wood (mm)	50
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	20
Product Weight (kg)	2.4

STANLEY
FATMAX®

SDS-PLUS HAMMER DRILLS AND ROTARY HAMMERS

HAMMER DRILLS

750 W SDS-PLUS HAMMER DRILL

- Powerful 750W motor delivers up to 1.8J of impact energy
- 3 modes (drilling, hammer drilling, chiselling)
- For drilling holes to install anchors or pins in masonry and concrete
- Impact stop mode for drilling in wood, steel and ceramics
- Rotation stop mode for light chiselling in brick and lightweight concrete
- Rubber overmould handles for optimal comfort of work
- Ergonomic design ensures comfort while carrying out tasks
- Durable seals and bearings
- Lock-on switch for reduced fatigue during extended use
- 4m cord

SKU	FME500K
Product Length (mm)	360
Product Height (mm)	200
Depth (mm)	75
Input Power (W)	750
Impact Energy (J)	1.8
No Load Speed (RPM)	0-1050
Power Output (W)	395
Impact Rate (BPM)	0-5200
Max. Drilling Capacity - Wood (mm)	30
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	26
Product Weight (kg)	3.48

780W SDS-PLUS HAMMER DRILL

- Robust design which meets the demands of professionals - designed with professionals specifically in mind. Developed and tested to withstand the wear and tear of professional use
- Versatile - 3 modes: hammer drilling, chiselling and rotary drilling
- Rotation stop mode for light chiselling in brick and lightweight concrete
- Impact stop mode for drilling in wood, steel and ceramics
- Part of the STANLEY® FATMAX® corded system
- Fast and easy drilling and chiselling - powerful 780W motor delivers 4,670 BMP and 2.2J of impact energy enabling fast drilling and chiselling in concrete

SKU	SFMEH200K
Input Power (W)	780
Impact Energy (J)	2.2
No Load Speed (RPM)	0-1250
Impact Rate (BPM)	0-4670
Max. Drilling Capacity - Wood (mm)	30
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	26
Product Weight (kg)	2.6

800W SDS-PLUS HAMMER DRILL

- Fast and easy drilling and chiselling - powerful 800W motor delivers 4670 BMP and 2.4J of impact energy enabling fast drilling and chiselling in concrete
- Robust design which meets the demands of professionals - designed with professionals specifically in mind. Developed and tested to withstand the wear and tear of professional use
- Versatile - 3 modes: hammer drilling, chiselling and rotary drilling
Quick change chuck allows use of standard drill bits, as well as SDS-plus drill bits
- Rotation stop mode for light chiselling in brick and lightweight concrete
- Impact stop mode for drilling in wood, steel and ceramics

INCLUDES 2 CHUCK TYPES:

SKU	SFMEH210K
Input Power (W)	800
Impact Energy (J)	2.4
No Load Speed (RPM)	0-1250
Impact Rate (BPM)	0-4670
Max. Drilling Capacity - Wood (mm)	30
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	26
Product Weight (kg)	2.7

1250W SDS-PLUS HAMMER DRILL

- Powerful 1,250W motor for fast and easy completion of drilling and chiselling projects
- Perfect for drilling holes to install anchors or fasteners in masonry and concrete
- Electro-pneumatic hammer mechanism delivers up to 4,100 BMP
- High quality SDS+ chuck for quick accessory change
- 3.5J of impact energy for efficient drilling and chiselling in concrete and various types of aggregate
- Brush wear indicator allows for planned maintenance and informs about the need to perform periodic inspection
- 3 modes (drilling, hammer drilling and chiselling)
- Variable speed switch for optimum adjustment and controlled drilling in various materials
- Depth guide provides additional convenience when drilling holes of a certain depth

SKU	FME1250K
Input Power (W)	1250
Impact Energy (J)	3.5
No Load Speed (RPM)	0-850
Impact Rate (BPM)	0-4100
Max. Drilling Capacity - Wood (mm)	40
Max. Drilling Capacity - Metal (mm)	13
Max. Drilling Capacity - Masonry (mm)	32
Product Weight (kg)	5.4

ROTARY HAMMERS

1010W SDS-MAX ROTARY HAMMER

- Excellent balance and ergonomics - low vibration levels and ease of use reduce operator fatigue and guarantee the highest performance
- Fast and easy chipping and chiselling - powerful 1,010W motor delivers 8.5J of impact energy
- Robust design which meets the demands of professionals - designed with professionals specifically in mind. Developed and tested to withstand the wear and tear of professional use

SKU	SFMEH220K
Input Power (W)	1010
Impact Energy (J)	8.5
Impact Rate (BPM)	0-2900
Product Weight (kg)	6.3

1600W SDS-MAX ROTARY HAMMER

- Excellent balance and ergonomics - low vibration levels and ease of use reduce operator fatigue and guarantee the highest performance
- For fast and easy chiselling and demolition work - powerful 1,600W motor delivers up to 15J of impact energy (EPTA value)
- Robust design which meets the demands of professionals - designed with professionals specifically in mind. Developed and tested to withstand the wear and tear of professional use

SKU	SFMEH230K
Input Power (W)	1600
Impact Energy (J)	5-15
Impact Rate (BPM)	0-1890
Product Weight (kg)	10.5

POWER TOOLS FOR CUTTING

CIRCULAR AND MITRE SAWS

1650W CIRCULAR SAW

- Powerful 1,650W motor makes it a truly versatile tool, perfect for a wide range of applications
- 18 tooth TCT blade - longer life and improved cutting edge quality
- Cutting depth of up to 66 mm for quick and easy cross, rip and bevel cuts
- Extremely robust design with die-cast magnesium foot
- Efficient bevel angle adjustment mechanism and two bevel detents for fast, accurate cuts
- Vacuum cleaner connector for dust extraction
- Integrated, user-friendly system of adjusting the cut depth
- Durable kit box for convenient storage

SKU	FME301K
Input Power (W)	1650
No Load Speed (RPM)	0-5500
Max. Bevel Capacity (°)	0-45
Bore Size (mm)	16
Disc Diameter (mm)	190
Max.Cutting Depth (mm)	66
Cord Length (m)	4
Product Weight (kg)	4.1

Product Code	Tool	Storage
FME301K	Circular saw	Kit box
FME301	Circular saw	Carton

650W MULTI-MATERIAL SAW

- 3m cord
- Ergonomically positioned guard release lever for safe operation
- Cut line laser system for cut accuracy
- Paddle switch located under the tool body for a secure grip and increased user control
- Easy and quick setting of the depth of cut with no need for additional tools
- Perfect for cutting wood, nailed wood, metal, tiles, mouldings, wires
- Easily accessed spindle lock allows quick disc changes

SKU	FME380K
Input Power (W)	650
No Load Speed (RPM)	0-5500
Max. Cutting Capacity - Wood (mm)	28.5
Max. Cutting Capacity - Metal (mm)	3
Max. Cutting Capacity - Plastic (mm)	28.5
Disc Diameter (mm)	89
Product Weight (kg)	2.1

SLIDE MITRE SAWS

216MM 1500W SLIDE MITRE SAW

- Powerful 1500W motor provides optimal cutting performance
- Sliding fence for better material support and improved cutting accuracy
- Horizontal handle provides maximum comfort and control
- Pre-indexed mitre stops for faster, more accurate operation and repeatable cuts
- Replacement brushes for longer motor life
- Easy to read mitre scale improves cutting accuracy

SKU	FME721
Cutting Width (mm)	305
Input Power (W)	1500
Voltage (V)	230
No Load Speed (RPM)	0-5000
Max. Bevel Capacity (°)	45
Bore Size (mm)	30
Disc Diameter (mm)	216
Max.Cutting Depth (mm)	70
Product Weight (kg)	16.5

254MM 1800W DOUBLE SLIDE MITRE SAW

REPLACES FME720

- Powerful 1800W motor provides optimal cutting performance
- Sliding fence for better material support and improved cutting accuracy
- Horizontal handle provides maximum comfort and control
- Pre-indexed mitre stops for faster, more accurate operation and repeatable cuts
- Replacement brushes for longer motor life
- Easy to read mitre scale improves cutting accuracy
- LED cut line indicator - provides fast and accurate blade alignment while illuminating the target area. Optimum visibility and accuracy of every cut

SKU	SM1800
Cutting Width (mm)	305
Input Power (W)	1800
Voltage (V)	230
No Load Speed (RPM)	0-4800
Max. Bevel Capacity (°)	47
Bore Size (mm)	30
Disc Diameter (mm)	254
Max.Cutting Depth (mm)	92
Cutting Capacity	double bevel

254MM 1650W STANLEY SLIDE MITRE SAW

- Powerful 1650W motor provides optimal cutting performance
- Sliding fence for better material support and improved cutting accuracy
- Horizontal handle provides maximum comfort and control
- Pre-indexed mitre stops for faster, more accurate operation and repeatable cuts
- Replacement brushes for longer motor life
- Easy to read mitre scale improves cutting accuracy
- LED cut line indicator - provides fast and accurate blade alignment while illuminating the target area. Optimum visibility and accuracy of every cut

SKU	SM1650
Cutting Width (mm)	305
Input Power (W)	1650
Voltage (V)	230
No Load Speed (RPM)	0-4800
Max. Bevel Capacity (°)	47 / 52
Bore Size (mm)	30
Disc Diameter (mm)	254
Max.Cutting Depth (mm)	92
Cutting Capacity	double bevel

255MM 2000W SLIDE MITRE SAW

REPLACED BY SM1800

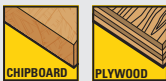

- Powerful 2000W motor provides optimal cutting performance
- Sliding fence for better material support and improved cutting accuracy
- Horizontal handle provides maximum comfort and control
- Pre-indexed mitre stops for faster, more accurate operation and repeatable cuts
- Replacement brushes for longer motor life
- Easy to read mitre scale improves cutting accuracy
- LED cut line indicator - provides fast and accurate blade alignment while illuminating the target area. Optimum visibility and accuracy of every cut

SKU	FME720
Cutting Width (mm)	305
Input Power (W)	2000
Voltage (V)	230
No Load Speed (RPM)	0-4800
Max. Bevel Capacity (°)	47
Bore Size (mm)	30
Disc Diameter (mm)	255
Max.Cutting Depth (mm)	92
Product Weight (kg)	17.5

STANLEY® FATMAX® CIRCULAR SAW BLADES

- Robust tungsten carbide tipped (TCT) blades
- Fast and efficient cuts in wood
- Precision ground teeth stay sharp for longer, providing improved accuracy and superb finish in a wide range of professional applications
- Hardened steel body for durability and longevity

Product Code	Quantity	Description	Diameter (mm)	Bore (mm)	Number of teeth
STA15645-XJ	1	Circular Saw Blade	254	30	40

MITRE SAW WORKSTATION

- 185 kg maximum capacity
- Adjustable side rollers for material support
- Collapsible legs ensure compact storage
- Extendable up to 2.06m
- Robust, durable handle for easy transportation
- Lightweight design guarantees portability
- Quick release mitre saw brackets

SKU	FME790
Product Height (mm)	843
Product Weight (kg)	14.3

RECIPROCATING SAWS

900W RECIPROCATING SAW

- Optimal and efficient cutting with 28mm cut stroke
- Tool-free blade change ensures quick and easier operation
- Adjustable pivot shoe makes precise angled cuts possible
- Overmould handle for optimum control and reduced user fatigue

SKU	FME360
Product Length (mm)	520
Product Height (mm)	155
Depth (mm)	80
Input Power (W)	900
Stroke Length (mm)	28
Product Weight (kg)	3.1

1050W RECIPROCATING SAW

- Powerful 1050W motor guarantees optimum performance for a wide range of tasks
- Orbital pendulum action for fast cutting in wood
- 0-3,500 SPM and 28mm stroke length for fast and efficient cutting
- Tool-free adjustable shoe for easy depth of cut adjustment and longevity
- Tool-free blade change ensures quick accessory change
- 4m cord

SKU	FME365K
Product Length (mm)	500
Product Height (mm)	150
Depth (mm)	80
Input Power (W)	1050
No Load Speed (RPM)	0-3500
Stoke Length (mm)	28
Max. Cutting Capacity - Wood (mm)	275
Max. Cutting Capacity - Metal (mm)	117
Max. Cutting Capacity - Plastic (mm)	150
Product Weight (kg)	3.74

JIGSAWS

710W JIGSAW

- 710W motor provides maximum cutting efficiency
- Compact, ergonomic design for enhanced user comfort
- Tool-free blade change
- Compatible with both U and T shank blades
- Adjustable pendulum to adjust cutting speed
- Front blower clears debris from cut line, providing greater accuracy of cut
- 4m cord

SKU	FME340K
Product Length (mm)	240
Product Height (mm)	210
Depth (mm)	70
Input Power (W)	710
No Load Speed (RPM)	0-3200
Max. Bevel Capacity (°)	45
Stroke Length (mm)	20
Max. Cutting Capacity - Wood (mm)	85
Max. Cutting Capacity - Metal (mm)	10
Product Weight (kg)	2.76

2 PCS STANLEY® FATMAX® JIGSAW BLADE SET

- Professional quality, high carbon steel blade
- Clean cuts and excellent finish
- Robust and durable blades
- Available for a variety of cuts in different types of wood and other materials

Product Code	Quantity	Description
STA25592	2	More durable. Blade for clean, chip-free downward cuts in laminate, kitchen countertops, wood and chipboard. <40 mm

5 PCS STANLEY® FATMAX® JIGSAW BLADE SET

- Professional quality mixed cutting jigsaw blade sets
- Includes blades for curved cuts
- Perfect cuts in laminates, wood and metal
- Robust and durable

Product Code	Quantity	Description
STA27030-XJ	5	Wood/fast cutting, wood/standard cutting, wood/precision cutting <60 mm and metal cutting 0.8 mm - 4 mm

10 PCS STANLEY® FATMAX® JIGSAW BLADE SET

- Professional quality mixed cutting jigsaw blade sets
- Includes blades for curved cuts
- Perfect cuts in laminates, wood and metal
- Robust and durable

Product Code	Quantity	Description
STA28040-XJ	10	Wood cutting set
STA28050-XJ	10	Wood and metal cutting set

GRINDERS

ANGLE GRINDERS

600W, 115 MM “SLIM BODY” ANGLE GRINDER

- STANLEY® FATMAX® 600W compact angle grinder with a powerful motor which delivers up to 12000 RPM for aggressive cutting
- Two-stage trigger switch for improved safety and reduced fatigue during prolonged use
- Spindle lock switch for increased safety and ease of use
- Slim, ergonomic and compact design with a tool girth of 179 mm
- Complete with a guard and spanner for maximum safety and protection when performing demanding tasks

SKU	FMEG615
Product Length (m)	3
Max. Disc Diameter (mm)	115
Input Power (W)	600
No Load Speed (RPM)	0-12000
Spindle (mm)	M14
Product Weight (kg)	1.7

850W, 115 MM ANGLE GRINDER

- Powerful 850W motor provides optimal cutting performance
- Compact body design with rubber overmould guarantee comfortable and secure grip
- Easily accessed spindle lock switch
- 3-position side handle
- 3 m cord
- Spanner available in the side handle

SKU	FMEG210K
Product Length (m)	3
Max. Disc Diameter (mm)	115
Input Power (W)	850
No Load Speed (RPM)	0-12000
Spindle (mm)	M14
Product Weight (kg)	2.26

Product Code	Tool	Storage
FMEG210K	Angle grinder	Kit box
FMEG210	Angle grinder	Carton

850W, 125 MM ANGLE GRINDER

- Powerful 850W motor provides optimal cutting performance
- Compact body design with rubber overmould guarantee comfortable and secure grip
- Easily accessed spindle lock switch
- 3 m cord
- 3-position side handle
- Spanner available in the side handle

SKU	FMEG220K
Product Length (m)	3
Max. Disc Diameter (mm)	125
Input Power (W)	850
No Load Speed (RPM)	0-12000
Spindle (mm)	M14
Product Weight (kg)	2.3

Product Code	Tool	Storage
FMEG220K	Angle grinder	Kit box
FMEG220	Angle grinder	Carton

2000W, 230 MM ANGLE GRINDER

- STANLEY® FATMAX® 2000W angle grinder with a powerful motor delivers up to 6,500 RPM for aggressive cutting
- 3-position side handle for comfort and improved control
- Includes spindle lock for quick disk change
- Lock-on switch for improved safety and reduced fatigue during prolonged use
- Lightweight design helps reduce user fatigue
- Includes a protective guard for maximum safety and protection during more challenging tasks

SKU	FMEG232
Product Length (m)	3
Max. Disc Diameter (mm)	230
Input Power (W)	2000
No Load Speed (RPM)	0-6500
Spindle (mm)	M14
Product Weight (kg)	5

1100W, 125 MM ANGLE GRINDER WITH VARIABLE SPEED

- STANLEY® FATMAX® 1100W compact angle grinder with a powerful motor which delivers from 3000 to 11000 RPM for aggressive cutting
- 6 variable speed settings for optimal control in all applications
- 2-position side handle for comfort and improved control
- Slide switch increases safety and reduces user fatigue during prolonged operation
- Ergonomic and compact design, tool girth: 196 mm
- Includes a protective guard for maximum safety and protection during more challenging tasks

SKU	FMEG225VS
Cable Length (m)	3
Max. Disc Diameter (mm)	125
Input Power (W)	1100
No Load Speed (RPM)	0-11000
Rated RPM	3000-11000
Spindle (mm)	M14
Product Weight (kg)	2.35

2200W, 230 MM ANGLE GRINDER

- High-quality, powerful 2200W motor provides optimum performance for demanding construction tasks
- Tool-free, quick and easy safety guard adjustment
- 3-position side handle
- Aluminium cast gear housing dissipates heat and guarantees longevity
- Low profile gear case allows access to confined areas
- Rubber overmould guarantees comfortable and secure grip
- Dust-sealed switch and carbon brushes prolong tool life
- Easily accessed spindle lock (M14) allows quick disc changes

SKU	FME841
Product Length (mm)	500
Product Height (mm)	115
Depth (mm)	120
Input Power (W)	2200
No Load Speed (RPM)	0-6500
Disc Diameter (mm)	230
Spindle (mm)	M14
Product Weight (kg)	5.1

STANLEY® FATMAX® METAL CUTTING BONDED DISCS

• STANLEY® FATMAX® cutting discs offer professional quality and are designed for prolonged and intensive steel and stainless steel cutting.

Product Code	Quantity	Diameter (mm)	Bore (mm)	Thickness (mm)
STA32040-QZ	1	230	22	3,2
STA32030-QZ	1	125	22	3,2
STA32055-QZ	1	125	22,2	6
STA38252-XJ	10	115	22,2	1

STANLEY® FATMAX® DIAMOND CUTTING DISCS

• STANLEY® FATMAX® cutting discs offer professional quality and are designed for prolonged and intensive masonry, concrete and stainless steel cutting

Product Code	Quantity	Diameter (mm)	Bore (mm)
STA38117-XJ	1	230	22,2
STA38162-XJ	1	115	22,2

STANLEY® FATMAX® STEEL CUTTING DISC

• STANLEY® FATMAX® cutting discs offer professional quality and are designed for prolonged and intensive steel and stainless steel cutting

Product Code	Quantity	Diameter (mm)	Bore (mm)	Thickness (mm)
STA32687-QZ	25	230	22,2	1,8
STA32692-QZ	25	230	22,2	1,8
STA32607-QZ	25	125	22,2	1,0
STA32637-QZ	25	125	22,2	1,0
STA32632-QZ	25	115	22,2	1,0
STA32602-QZ	25	115	22,2	1,0

BELT AND ORBIT SANDERS

1010W BELT SANDER

- Automatic belt alignment system ensures optimal use of the sander
- Powerful 1,010W motor for fast and effective material removal in a variety of applications
- Efficient dust extraction system - large dust bag reduces the need for frequent emptying
- Variable speed which can be selected and adapted to the surface
- Compact and lightweight design with two handles and overmould handle ensures user comfort by reducing surface vibration

SKU	FMEW204K
Belt speed (m/min?)	190-380
Product Length (mm)	330
Product Height (mm)	160
Depth (mm)	140
Input Power (W)	1010
Voltage (V)	230
Base size (mm)	533x76
Cord Length (m)	4
Product Weight (kg)	3.5

480W RANDOM ORBIT SANDER

- Powerful 480W motor and oscillating-rotary motion of 4,000-12,000 OPM guarantee sanding efficiency
- Dust-sealed parts protect the sander from dust and debris
- Quick-fit paper attachment for fast paper changes and reduced downtime
- 3 mesh sanding sheets ensure optimum performance and effective dust removal
- Heavy-duty kit box with metal latches
- 4m cord

SKU	FME440K
Input Power (W)	480
Voltage (V)	230
No Load Speed (RPM)	4000-12000
Paper size (mm)	125
Base size (mm)	125
Eccentric action (mm)	2.5
Diameter of rotary movement (mm)	5
Cord Length (m)	4

280W THIRD SHEET SANDER

- Variable speed which can be selected and adapted to the surface
- 280W motor delivers 12,000 oscillations per minute and superb finish
- Quick and easy sandpaper fitment - metal sanding base with paper clip sanding sheet retention
- Clean work space thanks to the integrated dust bag
- Mesh sandpaper which has 4 times the life of normal sandpaper and improves dust collection
- Front and rear grips for user control and improved application control

SKU	FMEW214K
Product Length (mm)	280
Product Height (mm)	170
Depth (mm)	100
Input Power (W)	280
Voltage (V)	230
No Load Speed (RPM)	0-12000
Base size (mm)	187x90
Oscillating circuit diameter (mm)	2
Cord Length (m)	4
Product Weight (kg)	2.1

CORDED DETAIL SANDER

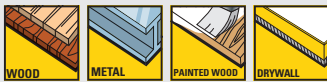

- Dust collection system - integrated dust bag to control the amount of accumulated dust
- Dust-sealed switch: protects the sander from dust and debris during operation and prolongs the tool life
- Base with hook and loop: for sheet retention and quick change
- Replacement diamond tip: ensures long-lasting functionality
- Application: removing stains, paint or rust and preparing surfaces in confined areas
- Includes: 1 x dust bag, 2 x mesh sanding sheet, 1 x finger sanding sheet, 1 x diamond tip, 1 x finger attachment and soft bag

SKU	SFMEW210S
Input Power (W)	210
Product Length (mm)	282
Product Height (mm)	101
No Load Speed (RPM)	14000
Oscillation diameter (mm)	2
Product Weight (kg)	1.2

STANLEY® FATMAX® 75 X 533 MM SANDING BELTS

- High quality aluminium oxide grains for superior surface finish
- Durable paper backing ensures long life and performance
- Grit coated with natural glue and synthetic resin for flexibility and durability

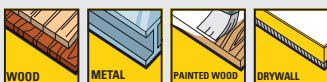

Product Code	Quantity	Description	Grit size	Special features
STA31176-XJ	5	Sanding sheets	40, 60, 100,150, 220 g	-
STA31121-XJ	5		40 g	-
STA39052-XJ	5		80 g	-
STA39067-XJ	5		150 g	-

STANLEY® FATMAX® 75 X 533 MM SANDING BELTS

- High quality aluminium oxide grains for superior surface finish
- Durable paper backing ensures long life and performance
- Grit coated with natural glue and synthetic resin for flexibility and durability

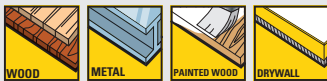

Product Code	Quantity	Description	Grit size	Special features
STA33181-XJ	3	Sanding sheets	40 g	-
STA33186-XJ	3		60 g	-
STA33191-XJ	3		80 g	-
STA33196-XJ	3		100 g	-

STANLEY® FATMAX® RANDOM ORBIT SANDER DISCS

- High quality aluminium oxide grains for superior surface finish
- Durable paper backing ensures long life and performance
- Grit coated with natural glue and synthetic resin for flexibility and durability

Product Code	Quantity	Description	Grit size	Special features
STA32037-XJ	5	Random orbit sander discs	120 g	125 mm
STA32032-XJ	5		80 g	125 mm
STA39267-XJ	3		80 g	125 mm
STA39257-XJ	5		320 g	150 mm

DRYWALL SANDER

750W Ø 225 mm DRYWALL SANDER

- Lightweight design - only 3.75 kg - means it can be used for longer periods of time
- 180 cm long telescopic handle for sanding ceilings and larger surfaces
- Extendable handle for easy folding and transportation
- 750W motor delivers up to 1,700 RPM for efficient sanding
- Smooth and precise finish - LED light ring improves visibility of surface unevenness
- Robust 750W motor guarantees excellent sanding performance

SKU	SFMEE500S
Disc Diameter (mm)	225
Product Length (m)	1.25-1.8
No Load Speed (RPM)	600-1700
Power Output (W)	750
Product Weight (kg)	3.75

STANLEY® FATMAX® MESH SANDING SHEETS

- Silicon carbide: strong abrasive for excellent sanding results
- Mesh anti-clogging surface: reduced need for frequent sheet replacement
- Open weave design: for more effective removal of sanding dust, less mess and finer finish
- Easy to clean: just shake off the dust or rinse out with water, dry and reuse
- Universal fit: no need to worry about holes pattern
- 4x longer life: compared to standard STANLEY® abrasive sheets
- Quick fitting: hook and loop system enables fast sheets change

Product Code	Quantity	Description	Grit size
STA39297-XJ	5	Mesh sanding sheets, 225mm	2 x 120g, 3 x 240g

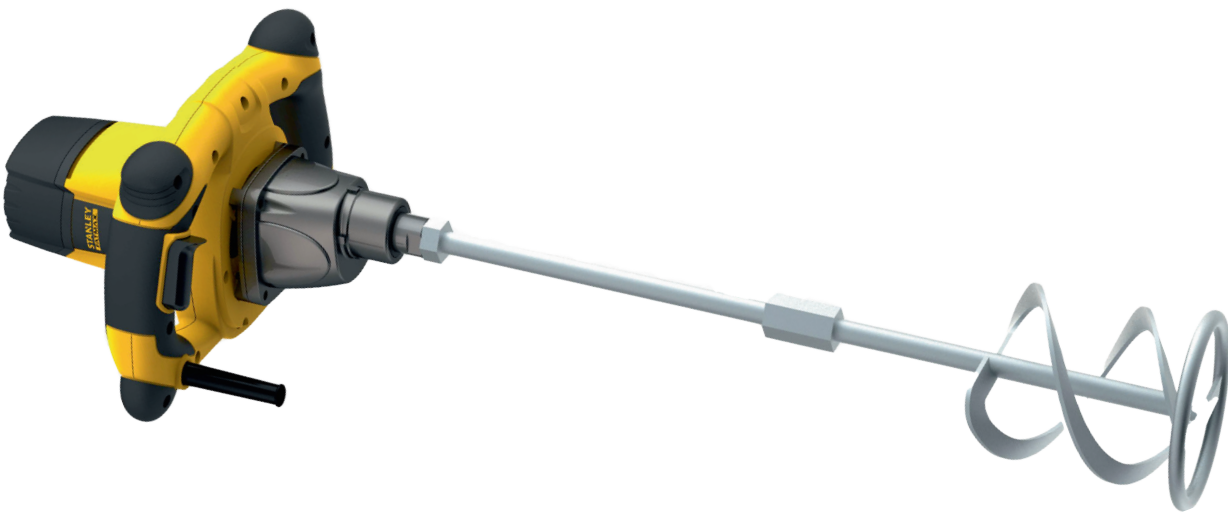

AUXILIARY TOOLS

MIXER AND OSCILLATING MULTI-TOOL

1600W MIXER

- 1,600W motor for mixing liquids of high density
- 2-speed gearbox for effective task completion and greater user control
- Variable speed for more optimal use
- Mixer is easy to hold with both hands, thanks to two overmoulded handles - greater user control and comfort
- 4m cord guarantees improved manoeuvrability
- Complete with M14 Ø140mm mortar basket

SKU	FME190
Input Power (W)	1600
No Load Speed (RPM)	180-460/300-750
Max. Torque (Nm)	80
Cord Length (m)	4

300W OSCILLATING MULTI-TOOL

- Powerful 300W motor allows for optimal sanding and cutting on a variety of materials
- Electronic speed control ensures optimum settings depending on the material
- Tool-free accessory system allows for one-handed operation
- Rubber overmoulded handle optimised for superior user comfort
- Delivered with cutting and sanding accessories
- 4m cord

SKU	FME650K
Product Length (mm)	282
Product Height (mm)	101
Depth (mm)	63.15
Input Power (W)	300
Voltage (V)	230
No Load Speed (RPM)	10000-22000
Product Weight (kg)	1.58

HEATGUN AND THICKNESS PLANER

2000W HEATGUN

- Powerful 2,000W motor with smooth temperature regulation
- Durable heat gun for continuous operation
- Dual protection cut off system to ensure safe operation
- Stand-free position allows the gun to be used “hands-free”
- Rubber overmoulded handle optimised for superior user comfort
- 4m cord

SKU	FME670K
Product Length (mm)	250
Product Height (mm)	210
Depth (mm)	83
Input Power (W)	2000
Air Flow (l/min)	300/550
Operating Temperature (°C)	50-450/70-600
Product Weight (kg)	0.94

1800W THICKNESS PLANER

- Precise cutting height on 4 precision-ground columns Superior cutting accuracy
- Wrench supplied with the machine for quick blade replacement and maintenance
- Cutter head mounted on ball bearings. Smooth operation and long life
- High-speed re-sharpenable steel blades. Longer cutting time
- Steel punch with a thickness of 1.2 mm and a large size of 318x112 mm Consistent, stable cuts
- Quick carbon brush replacement. Easy access
- Two rulers for adjusting the depth of cut. Ease of use
- Circular cutting head drive with heavy-duty gear/chain and feed roller drive with sprocket
- Maximum power transfer
- Easy and quick access to replace carbon brushes

SKU	STP18
Power (W)	1800
No Load Speed (RPM)	10 000
Cutting Speed (m/min)	7.9
Max. Cutting Depth (mm)	3.2
Max. Width (mm)	152
Depth Adjustment (mm)	0.4 – 1.6

PLANER

750W PLANER

- 750W motor for optimum performance
- Lightweight and balanced hand planer for one-handed operation
- Front handle depth control for accurate depth of cut settings in 0.2mm increments
- Main handle overmoulded
- Carbide reversible blades
- Spring-loaded park rest to protect work piece after completing the task
- Left or right side chip ejection
- 3 different size chamfering grooves machined in the front shoe
- 4m cord

SKU	FME630K
Product Length (mm)	290
Product Height (mm)	160
Depth (mm)	160
Input Power (W)	750
No Load Speed (RPM)	16500
Max.Cutting Depth (mm)	2
Depth Adjustment (mm)	0.2
Planing Width (mm)	82
Product Weight (kg)	2.96

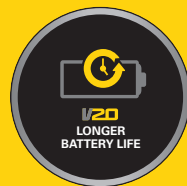

CORDLESS TOOLS

DO MORE WITH V20 POWER*

Whether you're fitting a kitchen, converting an attic, or redeveloping the garden, with more than 50 tools & equipment in the range, you can tackle more jobs than ever before with our 18V STANLEY® FATMAX® V20 lithium-ion cordless tool system

PROFESSIONAL GRADE BATTERY CELLS

Our new and improved batteries are made from professional grade 18650 type Samsung battery cells with lower impedance for more power.

FULLY AUTOMATED ASSEMBLY

Built on an automated assembly line in sterile conditions for improved build quality and greater reliability

PROTECTION FROM EXTREME TEMPERATURES

V20 batteries are protected from discharging in extreme temperatures, from -30°C to +75°C.

VIGOROUSLY TESTED

Our battery packs are vigorously tested for moisture ingress, thermal shock, drop and vibration as part of the approvals process.

* With more than 50 tools & equipment in the 18V STANLEY® FATMAX® V20 lithium-ion cordless tool system, versus 35 in our previous 18V STANLEY® FATMAX® lithium-ion cordless tool system, you can now tackle a wider range of applications to do more jobs than before.

IMPROVED BATTERY TECHNOLOGY

Our new 18V lithium-ion V20 battery pack lies at the heart of the system and it is fully compatible with all the power tools and outdoor tools in the range. With improved battery technology, no memory effect and minimal self discharge, it is ready to go to work whenever you are and wherever the job takes you and it will last longer too.

Batteries are available in four sizes, so you can choose the one that best suits the jobs you do and feature an integral battery state of charge indicator for convenient monitoring of battery charge levels.

The range also includes an adapter so you can use your new 18V V20 1.5Ah and 2.0Ah batteries with any existing 18V STANLEY® FATMAX® cordless power tool you may have in your toolbox.

1,5AH
Big on power and great value

2,0AH
Big on power and runtime, small in size

4,0AH
Big on power, massive on runtime

6,0AH
Maximum power delivery for longer

PROFESSIONAL TOOLS PERFORMANCE

New & improved professional grade tools that are now even harder to beat, designed to withstand whatever gets thrown at them.

TEMPERATURE PROTECTION

Unit stops operating to protect itself if it gets too hot. Operating temperature range up to 95°C.

UPGRADED SBS MODULE*

Programmed to accommodate and adjust performance for higher capacity packs.

OVERLOAD PROTECTION

Unit monitors current load every 0.005 seconds to prevent overload.

HIGHER RATED SWITCH

Manages the higher energy flow from lower impedance battery packs.

VIGOROUSLY TESTED

Tested for moisture ingress, thermal shock, drop and vibration to ensure they're fit for the job.

IMPROVED MOTORS

Professional grade motors for improved performance and longer life.

PRO GRADE BUILD

2+1 Tab build allows for better energy flow, cooler packs, and more cycle time.

*Brushless only

brushless TECHNOLOGY

The V20 range includes tools with brushless motors that use a contactless electronic controller that continually switches the electrical phase to keep the motor turning rather than carbon brushes, giving the tools significant benefits over brushed models.

MORE POWER

Brushless motors don't lose energy in wasted friction or heat giving you more power for demanding applications.

MORE RUNTIME

The use of a contactless electronic controller rather than carbon brushes means that less battery energy is wasted so the tool can work for longer on the same battery pack.

COMPACT MOTOR

Brushless tools are more compact due to the smaller motor design making them lighter to use and easier to operate in hard to reach applications

BATTERIES & CHARGERS

18V BATTERIES

18V STANLEY® FATMAX® V20 2.0Ah BATTERIES

- With improved battery technology, no memory effect and minimal self discharge, our lithium-ion V20 battery pack is ready to go to work whenever you are and wherever the job takes you and it will last longer too
- Integral battery state of charge indicator for convenient monitoring of battery charge levels

SKU	SFMCB202
Voltage (V)	18
Battery Capacity (Ah)	2.0

18V STANLEY® FATMAX® V20 4.0Ah BATTERIES

- With improved battery technology, no memory effect and minimal self discharge, our lithium-ion V20 battery pack is ready to go to work whenever you are and wherever the job takes you and it will last longer too
- Integral battery state of charge indicator for convenient monitoring of battery charge levels

SKU	SFMCB204
Voltage (V)	18
Battery Capacity (Ah)	4.0

18V STANLEY® FATMAX® V20 6.0Ah BATTERIES

- With improved battery technology, no memory effect and minimal self discharge, our lithium-ion V20 battery pack is ready to go to work whenever you are and wherever the job takes you and it will last longer too
- Integral battery state of charge indicator for convenient monitoring of battery charge levels

SKU	SFMCB206
Voltage (V)	18
Battery Capacity (Ah)	6.0

STANLEY® FATMAX® V20 ADAPTER

- Converts a 1.5Ah or 2.0Ah 18V STANLEY® FATMAX® V20 battery to be able to supply power to older generation 18V STANLEY® FATMAX® tools
- 1x battery adapter included

SKU	SFMCB100
Voltage (V)	18

18V CHARGERS

18V STANLEY® FATMAX® V20 BATTERIES & CHARGERS RANGE

	Product Code	Description	Battery	Charger type	Adapter
BATTERIES & CHARGERS RANGE	SFMCB202-XJ	18V lithium-ion V20 battery pack, 2.0Ah	1 x 2,0Ah	-	-
	SFMCB204-XJ	18V lithium-ion V20 battery pack, 4.0Ah	1 x 4,0Ah	-	-

	SFMCB100-QW	18V Battery adapter	-	-	1x

The 18V STANLEY® FATMAX® V20 range includes 4 different sizes of batteries and 2 charger options so you can choose the best combination for your tools. There are also starter kits available containing everything you need - see the table on the following page for more information.

18V STANLEY® FATMAX® V20 4A QUICK CHARGER

- Part of the new 18V STANLEY® FATMAX® V20 Cordless System - power all your V20 tools with a common new and improved lithium-ion battery to let you power through gardening with ease
- 4A quick charger for fast charging
- Charge 2 x 18V STANLEY® FATMAX® V20 2.0Ah batteries in 30 minutes
- Part of the new 18V STANLEY® FATMAX® V20 - power all your V20 tools with a common new and improved 18V lithium-ion battery to let you power through all your tasks with ease

SKU	SFMCB14
Voltage (V)	18

STANLEY® FATMAX® 18V 4.0Ah QUICK DUAL PORT CHARGER

- With improved battery technology, no memory effect and minimal self discharge, our lithium-ion V20 battery pack is ready to go to work whenever you are and wherever the job takes you and it will last longer too
- Simultaneous charging allows for two packs to be charged at once
- Charge 2 x 18V STANLEY® FATMAX® V20 4.0Ah batteries in 30 minutes
- Comes with USB port to charge phones, tablets etc
- Part of the new 18V STANLEY® FATMAX® V20 - power all your V20 tools with a common new and improved lithium-ion battery to let you power through all your tasks with ease

SKU	SFMCB24
Voltage (V)	18

DRILL DRIVERS

DRILL DRIVERS

18V STANLEY® FATMAX® V20 DRILL DRIVER

- Integral LED work light for improved visibility in all working conditions
- Keyless chuck for easy bit changes
- 24 clutch settings to adjust the depth of the fastener while driving
- Integral battery state of charge indicator for convenient monitoring of battery charge levels
- Powerful motor delivers up to 1,500 RPM and 50Nm of torque for efficient drilling and screwdriving into wood, metal and plastic

V20
LITHIUM ION

SKU	SFMC700C2K
Voltage (V)	18

18V STANLEY® FATMAX® V20 BRUSHLESS DRILL DRIVER

- 2 speeds. Offers high torque or high speed. Versatile applications for the end user
- Metal chuck. Offers greater durability. Reduced risk of breakage and less maintenance
- 15+2 clutch settings. Easily adjustable clutch. Enables multiple bit changes and safe drilling
- Variable speed switch. Provides the user with the possibility to work at the desired speed. Good control over the application to avoid errors
- Magnetic bit holders. Space for 2 bits. Saves user time spent on searching for bits
- Brushless motor. Greater efficiency thanks to lower resistance. Increased run time, power, and durability (fewer wearable components)

18V STANLEY® FATMAX® V20 IMPACT DRIVER 165 NM

- With improved battery technology, no memory effect and minimal self-discharge, the V20 Lithium-ion battery pack is ready to go to work whenever you are and wherever the job takes you and it will last longer too
- Integral battery state of charge indicator for convenient monitoring of battery charge levels
- Quick release chuck for easy one-handed bit changes
- Integral LED work light for improved visibility in all working conditions

SKU	SFMCF800C2K

Product Code	Tool	Battery	Storage
SFMCF820D2K-QW	Brushless impact driver	2 x 2,0Ah	Kit box

18V STANLEY® FATMAX® V20 BRUSHLESS 3 SPEED IMPACT DRIVER 203 NM

- Drop 'n' Load bit holder. Enables one-handed bit change - less hassle for the end user
- Metal casing, offers increased durability, ensures longer product life
- Variable speed switch. Provides the user with the possibility to work at the desired speed. Good control over the application to avoid errors
- 3 speeds control. Easy speed/torque selection. Good control in application, prevents bit, fastener or workpiece damage
- Magnetic bit holders. Space for 2 bits. Saves user time spent on searching for bits
- Brushless BL40 motor
- Greater efficiency thanks to lower resistance. Increased run time, power, and durability (fewer wearable components)

SKU	SFMCF830B

STANLEY® FATMAX® 22 PCS 50 MM IMPACT TORSION BIT SET

- Stackable, which allows to store and organize all sets in one place
- Compatible with PRO-STACK™ Caddy
- Impact driver bits with torsion zone for increased strength and reliability
- 10x magnetic lock system holds screws securely on the bit tip for one-handed operation
- 22 pcs set - see the details below

Product Code	Quantity	50mm Screwdriver Bits
STA88558-XJ	22	Torsion 50 mm screwdriver bits- 2x Pz1, 4x Pz2, 2x Pz3, 2x Ph1, 3x Ph2, 1x Ph3, 1 x T10, 1 x T15, 2x T20, 1x T25, 1x T30, 1x T40, 1x magnetic bit holder

STANLEY® FATMAX® 55 PCS IMPACT TORSION BIT SET

- Stackable, which allows to store and organize all sets in one place
- Compatible with PRO-STACK™ Caddy
- Impact driver bits with torsion zone for increased strength and reliability
- 10x magnetic lock system holds screws securely on the bit tip for one-handed operation
- Impact Torsion holder for increased durability of 25 mm screwdriver bits
- 55 pcs set - see the details below

Product Code	Quantity	50mm Screwdriver Bits
STA88558-XJ	55	2x Pz1, 2x HEX4, 6x T20, 4x Pz2, 2x HEX5, 4x T25, 2x Pz3, 2x HEX6, 4x T30, 2x Ph1, 2x T10, 4x Ph2, 2x T15, 2x Ph3, 9x 2x Pz2, 1 x T15, 2x T20, 1x T25, 1x T30, 2x Ph2, 2x nut setter (8 mm, 10 mm), 1x Torsion bit holder , 1 x ring magnet for 50mm bits

POWER TOOLS
FOR CUTTING

CIRCULAR AND MITRE SAWS

18V STANLEY® FATMAX® V20 BRUSHLESS MULTI MATERIAL SAW 76 MM

- Brushless motor technology guarantees more power and longer run time with a smaller, more compact motor, which reduces maintenance and extends the tool life
- 3-position rotating guard
- Adjustable shoe
- spindle lock and spanner included
- Dust extraction system
- Forward and reverse switch to change direction of cut
- Built-in LED
- High airflow speed

SKU	SFMC300B

STANLEY® FATMAX® CIRCULAR SAW BLADES

- Durable 190mm tungsten carbide tipped (TCT) circular saw blades with 20 teeth for fast rip cutting (STA13030) or with 40 teeth for fine cross cutting (STA13035) in various types of wood
- Fast and efficient cuts in wood
- Precision ground teeth stay sharp for longer, providing improved accuracy and superb finish in a wide range of professional applications
- Hardened steel body for durability and longevity

Product Code	Quantity	Description	Diameter (mm)	Bore (mm)	Number of teeth
STA13030-XJ	1	Rip cutting saw blades	190	30	20
STA13035-XJ	1	Cross cutting saw blades	190	30	40

18V STANLEY® FATMAX® V20 MITRE SAW 190 MM

V20
LITHIUM ION

- Integral battery state of charge indicator for convenient monitoring of battery charge levels
- Powerful motor that provides 3800 RPM for cutting 2X dimensional lumber, hard wood, baseboard and edge banding
- Innovative shadow-cut line system projects two LED light beams on both sides of the blade creating a shadow on the surface, for millimetre perfect cuts every time
- Lightweight design and side carry handle for easy portability. Connecting to a vacuum hose guarantees hassle-free dust extraction and a cleaner workplace

SKU	SFMCST01M1
Max. Cutting Capacity 90° (mm)	203

VACUUM CLEANERS

VACUUM CLEANERS

18V STANLEY® FATMAX® V20 CORDLESS VAC

V20
LITHIUM ION

- Powerful motor for effective cleanup of wet and dry spills
- HEPA grade filter to capture 99.7% of all dust and allergens, for a cleaner, healthier work environment
- Large, 7.5L tank, for less emptying
- 2.4m hose for extended reach and flexibility
- On-board hose and accessory storage

SKU	SFMCV002B-XJ
Filter	HEPA
Bowl (l)	7,5
Hose (m)	2,4

18V STANLEY® FATMAX® V20 CORDLESS HANDHELD VACUUM

V20
LITHIUM ION

- Powerful motor
- Large 500 ml dust bowl, 2 stage filtration - maintains and ensures suction power as the large bowl fills with debris
- Crevice tool - ensures thorough clean in tight and narrow spaces
- Washable pre-filter
- 45 W air flow - 50% more suction power delivers the power necessary for thorough cleaning
- Compatible with the V20 battery system

SKU	SFMCVH001B-XJ
Filtration	2 stages
Bowl (l)	0,5
Air Flow (l/min)	13000
Suction Power (air flow W)	45

18V STANLEY® FATMAX® V20 CORDLESS STICK VACUUM

3-In-1 cleaning versatility

Includes crevice tool and 6-inch dust brush for cleaning hard to reach or tight areas

750 ml dust canister

Accommodates large amounts of dust. Empty the canister with a push of a button, keeping your hands clean

Extensive floorhead

Allows for a wider cleaning path.

V20
LITHIUM ION

Compatible with the V20 battery system

Battery can be used with other V20 products
Maximum product efficiency

3 speed settings

Applies low and medium speed for everyday cleaning, while high speed offers the most thorough cleaning.

Runtime up to 60 minutes

Can handle cleaning in any outdoor/indoor space on a single charge

ANTI-TANGLE BRUSHROLL DESIGN

Keeps vacuum powering through dirt and debris

SKU	SFMCVS001D1-QW
Variable speed settings	3
Bowl (l)	0,75
Air Flow (l/min)	1300
Suction Power (air flow W)	40
Battery Capacity (Ah)	2,0

LIGHTING

LIGHTING

18V STANLEY® FATMAX® V20 AREA LIGHT

- Provides up to 1850 lumens of light ideal for illuminating dark work areas
- Pivoting head for hassle-free adjustment of light beam towards working area
- Recommended battery: 18V STANLEY® FATMAX® V20 2.0Ah or 4.0Ah cordless system (sold separately)

SKU	SFMCL030B-XJ
Light Output	1850 lumens
Voltage (V)	18

18V STANLEY® FATMAX® V20 PIVOT LIGHT

- 0-140° pivoting head for maximum versatility in multiple work environments
- 3 bright LEDs for improved visibility in dark areas
- Two brightness settings of 350 and 700 LED lumen for extended runtime and brightness
- 360° rotating hang hook for hanging the unit from multiple orientations
- Batteries sold separately

SKU	SFMCL050B-XJ
Light Output	700 lumens
Voltage (V)	18

18V STANLEY® FATMAX® V20 FLASHLIGHT

- Provides LED light output of 140 lumens
- Pivoting head for hassle-free adjustment of light beam towards working area
- Recommended battery: 18V STANLEY® FATMAX® V20 2.0Ah or 4.0Ah cordless system (sold separately)

SKU	SFMCL020B-XJ
Light Output	140 lumens
Voltage (V)	18

ROUTERS

ROUTERS

18V STANLEY® FATMAX® V20 BRUSHLESS ROUTER 8MM

- Cordless freedom: no cords, no tangles, just complete freedom of movement, wherever the job
- Dust extraction port: allows unit to be connected to a dust extractor, for a cleaner work area
- Variable speeds: for maximum control across a variety of applications
- Dust sealed switch: Protects the sander from dust and debris during operation and prolongs the tool life
- Height adjustment thumb wheel: for precise height setting
- Clear base: allows clear sight of cutting area
- Universal tool: ideal for laminate trimming, round overs, flush trims and trench cuts, and various other applications
- Batteries sold separately

V20

COMPRESSORS

COMPRESSORS

18V STANLEY® FATMAX® V20 11 BAR INFLATOR - 3 POWER SOURCES

- 3 power sources including V20 Battery, AC wall plug or 12V car adapter plug for ultimate convenience and use anywhere
- High and low volume output enables users to inflate anything from a football to an automobile tire easily
- Automatic shutoff feature allows users to enter the required PSI setting and walk away, while the digital gauge provides an easy to read display
- Kitted with accessories including ball needle, Presta valve adapter, small inflatable adapter and large volume hose for convenient and easy use
- High-pressure rubber hose for durability and a handle for easy transportation
- Auto shut down after 10 minutes
- Batteries sold separately

SKU	SFMCE520B-XJ
Air Pressure (psi)	160
Voltage (V)	18

18V STANLEY® FATMAX® V20 11 BAR INFLATOR / INFLATION GUN

- Inflates car tires, sports balls and other small inflatables on site/at home
- High performance for a wider range of applications
- Hose length 55-58 cm - easy reach to truck tires and other inflatables
- Quick Clamp nozzle
- Ergonomic design for comfort of use
- Supplied with accessories including 3 inflation nozzles
- Digital display
- Optimized D-handle
- Integrated hose clamp
- Perfect for inflating:
- Inflating car and bicycle tires, air mattresses, wheelbarrow wheels and sports equipment
- Batteries sold separately

SKU	SFMCE521B-XJ
Air Pressure (psi)	160
Voltage (V)	18

AUXILIARY TOOLS

HEAT GUN AND FAN

18V STANLEY® FATMAX® V20 HEAT GUN

- Safety switch prevents accidental start-up
- Ergonomic handle with overmould for improved user comfort and decreased fatigue
- Kitted with accessories that include the deflector nozzle for heat shrink applications as well as 75 mm surface nozzle for removal applications
- Side and rear bumpers reduce risk of accidental damage to surfaces

SKU	SFMCE530B-XJ
Power (W)	360
Voltage (V)	18
Max. Temperature	510°C
Air Delivery (l/min)	1
Product Weight (kg)	0.53
Battery	-

V20
LITHIUM ION

18V STANLEY® FATMAX® V20 JOB SITE FAN

- 3 speed dial for optimum performance and control
- 178mm fan diameter coupled with compact and lightweight design helps reduce user fatigue when carrying
- Robust protective housing over fan blades for added durability
- Pivoting fan blades allow users direct the air where needed
- Mounting screw feature allows users to mount unit in multiple places in the workplace

SKU	SFMCE001B-XJ
Air Flow (m³/min)	1100
Diameter (m³/min)	178
Tilt angle	150°

V20
LITHIUM ION

POLISHER AND SOLDERING IRON

18V STANLEY® FATMAX® V20 POLISHER

- Powerful motor provides up to 2,800 RPM for a range of polishing and buffing applications
- Thumb positioned variable speed dial for control and consistency across multiple applications
- Lock-on switch for reduced fatigue during extended use
- Random orbit action prevents damages to surfaces, e.g. car paintwork
- 254mm flexible foam backing pad for delivering consistent finishes across vehicle surfaces
- Ergonomic rubber overmould for optimal comfort on gripping surfaces

SKU	SFMCE100B-XJ
Voltage (V)	18
Speed (RPM)	2200-2800
Disc Diameter (mm)	254
Product Weight (kg)	2,17

18V STANLEY® FATMAX® V20 SOLDERING IRON

- Adjustable temperature: the desired temperature can be set from 204° C to 482° C
- 120 cm power cord: for mobility and flexibility
- Built-in tip holder: includes replaceable soldering iron tips - used tip size is 6.35 mm (0.25") in diameter
- Includes: soldering iron bare, sponge tray and metal holder
- Ideal for: soft soldering, bonding electronic components, soldering and tightening joints, copper and metal pipe repairs and plastic welding
- Part of the 18V STANLEY FATMAX V20 cordless system

SKU	SFMCE040B-XJ
Voltage (V)	18
Temperature (°C)	204 - 408

CAULK GUN

18V STANLEY® FATMAX® V20 CAULK GUN

V20
LITHIUM ION

- U-shape opening for load and unload of cartridges
- 360° rotatable cartridge holder allows: 360° rotation for more control in various positions
- On-board puncture rod: to break seal through the caulk tube
- ANTI-DRIP: releases pressure in the tube to reduce unnecessary output of material
- Run time: empties 230 cartridges (speed setting: 3) when used with a fully charged V20 2.0 Ah battery (not included)
- Integrated hanging hook: ideal for hanging the caulk gun in multiple places

SKU	SFMCE600B-XJ
Pushing Force (kg)	250
Pushing Speed (cm/min)	5-48
Speed Settings	6

GARDEN POWER TOOLS

A FULL CORDLESS SYSTEM

Get the benefit of a true power tool system based around the long-lasting next generation V20 cordless battery technology.

The extensive range includes high quality cordless garden tools, such as string trimmers, mowers, hedge trimmers, pruners, chainsaws, blowers and pressure cleaners.

There is also a variety of power tools for workshops to be used in such applications as driving, drilling, sawing, sanding, cleaning and lighting the workplace.

LAWN MOWERS

LAWN MOWERS

18V STANLEY® FATMAX® V20 BRUSHLESS LAWN MOWER

- Powerful brushless motor for improved efficiency and longer runtime, reduced maintenance and extended working life
- Ultra-low (28 cm) deck profile designed to mow hard to reach areas
- 3-in-1 functionality switch between mulching, bagging or side discharge
- Lightweight and balanced to reduce user fatigue
- Large heavy-duty fabric grass collection basket
- Robust and durable folding handle construction allowing for easy transportation and storage
- Ergonomically designed handle with soft grip

STRING TRIMMERS

STRING TRIMMERS

18V STANLEY® FATMAX® V20 STRING TRIMMER

- Large (33 cm) cutting swath for fast and effective trimming
- Automatic line feed mechanism ensures uninterrupted work
- The telescopic shaft can be turned 90 degrees, so that the tool may be used as an edge cutter
- The trimmer has only one protruding piece of line
- Gear-drive transmission for increased torque and more cutting power
- Speed control makes it possible to adjust the trimmer by choosing the most appropriate speed for the job
- 2.4 kg lightweight design with adjustable rubber auxiliary handle and telescopic shaft for comfort and ease of use
- Integral battery state of charge indicator for convenient monitoring of battery charge levels
- Integrated hanging hook for safe storage, compatible with the STANLEY® Versatrack Wall System (a versatile, adaptable storage system)

SHEARS & PRUNERS

18V STANLEY® FATMAX® V20 LOPPER

- Dual switch handles in shears style
- Automatic chain tensioning. Allows for quick and easy adjustment of chain tensioning
- High cutting efficiency. Cuts branches from 25 mm to 100 mm
- Carries out most of the pruning work in the garden
- Fully encased guide bar and chain. Protect users from moving chain
- Patented jaws, exclusive jaw design for fast, efficient cutting and optimum safety
- Semi auto-oiling system. Longer chain life

SKU	SFMCP515B
Bar length (cm)	15
Chain speed (m/s)	1,9
Semi Auto-oiling	Tak

18V STANLEY® FATMAX® V20 POWER PRUNER

- Effortless and flexible pruning of bushes, tree branches and all kinds of plants
- Sufficient cut capacity and power for a clean cut through wet and dry branches up to 32 mm thickness
- Hand and joint-friendly: the electrical power support minimizes the strain for hand and joints compared to a manual pruner
- High comfort of use through ergonomic design, low weight and rubber overmoulded gripping areas
- Tool-free blade assembly for simple and fast change if worn out, easy maintenance or for thorough cleaning
- Up to 500 cuts per charge using a 4.0 Ah V20 battery
- Integral battery state of charge indicator for convenient monitoring of battery charge levels

Product Code	Tool	Battery	Branch thickness	Accessories
SFMCPP32M1-QW	V20 pruner	1 x 4Ah	up to 32 mm	2A charger

REPLACEMENT BLADE
SFMCPPRB1-XJ

18V STANLEY® FATMAX® V20 POLE PRUNER

- Up to 2.4 m reach with extension pole to cut hard to reach branches with your feet still firmly on the ground
- Foldable pole. Convenient storage
- Blades with non-stick coating, prevents resin from clogging the blades
- Branch hook for convenient removal of jammed branches
- Tool-free blade change, effortless blade change and replacement
- Soft grip handle, improved ergonomics
- Comfort during prolonged use
- Shoulder strap for better weight distribution

SKU	SFMCPP632B

18V STANLEY® FATMAX® V20 SHEAR SHRUBBER

- 20 cm hedge trimmers with a double cutting mechanism and the cutting capacity of 8 mm
- Easy pruning of thicker, small shrubs, hedges or shaping box hedges
- Lightweight, ergonomic design, easy to manoeuvre
- Perfect for quick minor cleaning jobs in the garden
- Tool-free blade change
- Garden shears blade - 10 cm. Perfect for trimming small areas of lawn in hard-to-reach areas that mowers can't access, or for cutting lawn grass

PRESSURE CLEANERS

PRESSURE CLEANERS

18V STANLEY® FATMAX® 2 X V20 CORDLESS PRESSURE WASHER

- High performance with boost mode: two speeds: 55 and 70 bar for added flexibility plus 100 bar boost mode to shift stubborn dirt and debris (5 minutes boost time)
- Self-priming system: allows water to be drawn from any fresh water source
- Versatile for multiple applications: includes fan-to-pencil and turbo nozzle, plus removable foam cannon, 8m hose and self-priming kit
- Ergonomic design: Compact, lightweight, and balanced for maximum comfort and portability
- Manoeuvrability: Telescopic folding handle and built-in wheels for manoeuvrability

V20
LITHIUM ION

SKU	SFMCPW1500B-XJ
Working time (min.)	37
Pressure (bar)	55/70 (100 - Boost Mode)
Hose length (m)	8
Battery	-

18V STANLEY® FATMAX® V20 PRESSURE CLEANER

V20
LITHIUM ION

- Attach to a typical garden hose to draw water from mains water supply or from any source like a bucket, lake, river, or pool
- 5 different spray settings that let you choose the right spray intensity and type for the given job
- High and low speed control to maximise runtime efficiency and improve control by choosing the most appropriate speed for the job (24 bar hi-speed / 13 bar low speed)
- Wrap around handle with overmould grip for better comfort
- Lightweight and portable to maximise usability everywhere where there is no mains water supply
- Features interchangeable wands. Standard wand - 57 cm, appropriate for the majority of tasks, short wand -16 cm, for watering plants (provided as separate accessory). 4.0Ah battery for 25 minutes runtime

BLOWERS

BLOWERS

18V STANLEY® FATMAX® V20 BRUSHLESS BLOWER

- Boost mode: for extra power up to 410 cfm (11.6 M³/min) to shift heavier debris
- Variable speed trigger: axial fan design exceptional power. Maximise runtime efficiency and improve control by choosing the most appropriate speed for the job
- Built-in scraper: to remove stubborn, wet, or compacted leaves and dirt
- Ergonomic design: compact, lightweight, and balanced for maximum comfort and portability
- Moisture & dust protection weather guard: incorporating sealed modules and drain holes, *weather guard is designed to help protect the tool from moisture and dust. Applies to tool, not battery or charger

EARTH AUGERS

EARTH AUGERS

18V V20 STANLEY® FATMAX® EARTH AUGER

V20
LITHIUM ION

- **Versatile:** 76mm wide x 155mm deep auger bit for a wide variety of planting applications
- **Control & safety:** built-in auxiliary handle ensures better control and safety
- **Ergonomic design:** compact, lightweight, well balanced, and ergonomically designed for maximum comfort and portability
- **Applications:** this powerful auger bit crushes and moves soil to create holes for planting flowers, vegetables, bulbs, shrubs and small posts with ease and minimal effort
- **Optional weeding bit attachment:** available to purchase as a separate accessory (SFMCGWA-XJ)

SKU	SFMCGA75B
