RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5906708750351
Warranty	24 months

Description

The **Akyga® AK-USB-59 USB-C to USB-A cable** is the perfect solution for those looking for a reliable cord for everyday use. It allows for **fast and stable charging** of smartphones, headphones and other devices equipped with a USB-C port. Furthermore, the cable adheres to the USB 2.0 standard, ensuring **reliable data transfer** speeds of up to 480 Mbps, making it easy to quickly transfer files, photos, and documents.

High-Quality Silicone USB-C Cable

The Akyga® AK-USB-59 is a 1-metre **USB Type-C cable**. It is made of copper, which guarantees excellent electrical conductivity and reduces energy loss during charging and data transmission. In addition, the **silicone insulation** makes the cable extremely flexible and resistant to mechanical damage, such as bending or abrasions. Silicone also provides a pleasant-to-touch, matte finish and high durability even in intense conditions.

Convenient LED Illumination

With user convenience in mind, the Akyga® AK-USB-59 cable is equipped with a practical **LED light** located on the USB-C plug. The subtle backlight makes it easy to find the connector in the dark, making device connection quick and effortlessly, regardless of lighting conditions.

Versatility and Elegant Design

The Akyga® AK-USB-59 cable is terminated with USB-A and USB-C connectors, making it compatible with a wide range of modern devices — from smartphones from brands such as Samsung, iPhone, OPPO, Huawei and Xiaomi, to tablets and wireless headphones. The classic white colour gives it a versatile, elegant look that goes well with both your home desk and your mobile accessories.
