RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5906708750368
Warranty	24 months

Description

Akyga® AK-USB-60 is a silicone **USB-C to USB-A cable** designed for convenient charging and data transfer. The cable enables **fast charging** of smartphones, wireless headphones, tablets and other devices equipped with a modern USB-C connector. The USB 2.0 standard allows **data transfer** at speeds of up to 480 Mbps, making it quick and effortless to transfer photos, videos, or documents.

Flexible Silicone Cable

The Akyga® AK-USB-60 cable, **with a length of 1.8 metres**, is made from high-quality copper, which ensures excellent conductivity and minimal energy loss. **The silicone coating** makes the cable extremely flexible and resistant to mechanical damage such as abrasion or bending. The matte finish not only improves the aesthetics, but also increases comfort of use and extends the life of the cable in everyday use.

Built-in LED - Convenience in All Conditions

A practical feature of the AK-USB-60 cable is **a blue LED** integrated into the USB-C connector. The subtle illumination makes it easier to locate the connector in low-light conditions, ensuring quick and convenient connection of your device even at night.

Universal USB Type-C Cable

The USB-A and USB-C connectors make the AK-USB-60 cable compatible with a wide range of mobile devices from popular brands such as Samsung, Huawei, OPPO and Xiaomi. Thanks to its classic white colour, the cable looks modern and elegant, fitting perfectly into any environment – both at home and at work.
