FABRICS

Fabric shade in reality may slightly differ from that presented in the catalog.

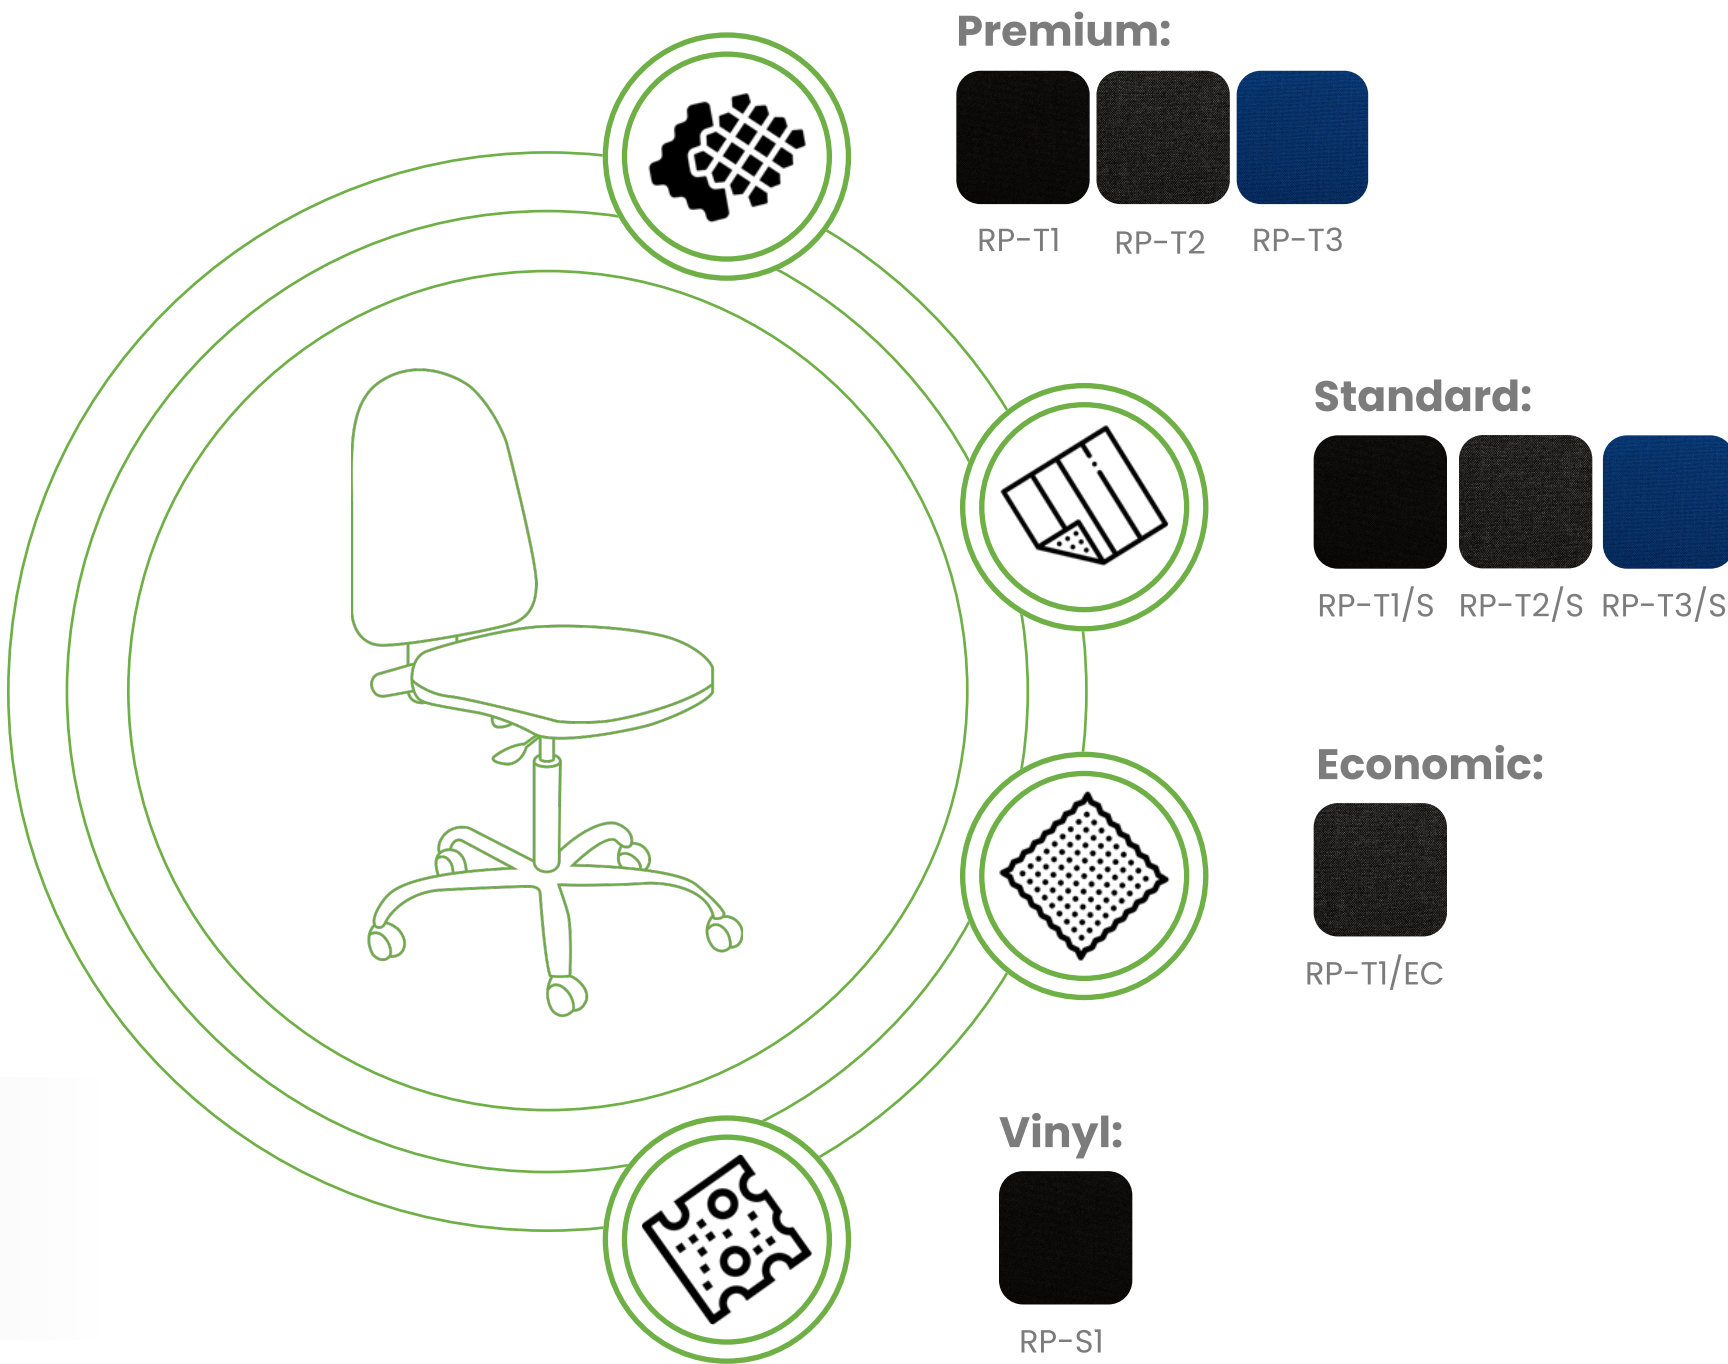

Comfort of use: Ergonomically contoured seat made of high-resilience foam. Wide range of adjustments ensure a comfortable position even during long periods of work.

Safety: Antistatic properties compliant with ESD standards effectively protect against electrostatic discharge.

Durability: A sturdy five-star chrome base and wear-resistant fabric ensure long-lasting use even under intensive conditions.

Application: The Basic Antistatic Chair is perfectly suited for demanding work environments such as the electronics, automotive, general industry, medical, pharmaceutical, and military sectors.

Chair compliant with standards:
ANSI/ESD S.20.20.2014, PN-EN 1335-1:2004, PN-EN 1335-2:2009, PN-EN 1335-3:2009, PN-EN 1022:2007, PN-EN 61340-5-1:2024
