

TLI.

Hook clamps

INOX
Stainless Steel

technical informations

Lever body

TLI.Z: zinc-plated steel.

TLI.S: AISI 304 stainless steel.

Special executions on request (For sufficient quantities)

Unplated steel or nickel-plated steel.

Features and applications

AISI 304 stainless steel, thanks to its high resistance to corrosion, allows the application of the TLI.S hook clamps on machines and equipment in those sectors where laws or particular hygienic, climatic and environmental factors make it mandatory to use corrosion resistant materials.

Radial strength tests

Standard Elements		Maximum working load	Load at breakage	Weight
Code	Description	[N]	[N]	g
