

Tool name: Exchangeable Zn-alloy insert for RJ11 RJ12 unshielded 6P modular plugs

Tool code: U7302

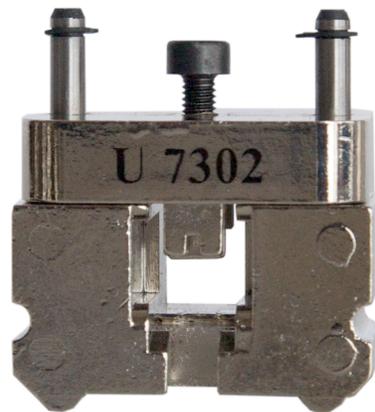

Applicable tool: K730 crimp hand tool frame

Country of origin: Croatia (EU)

Customs tariff number: 82079091

FEATURES

- Inserts are made of precise casted special zinc alloy
- Toothed segment for pressing bronze contacts is made of high-quality hardened steel, highly precise and within narrow tolerances
- Reliable and quality connections are achieved
- Correct positioning of each wire due to third segment in the middle
- Constant high quality of crimped contacts
- Long life tool
- Ensure 30.000,00 crimp cycles

TECHNICAL DATA

Type	Length [mm]	Width [mm]	Height [mm]	Weight [g]
U7302	29	18	31	70
