

# PNP EPITAXIAL PLANAR TRANSISTOR

CMBT5401W SOT-323 Plastic Package

1. BASE

2. EMITTER

3. COLLECTOR

for high voltage amplifier applications

# Absolute Maximum Ratings $(T_a = 25^{\circ}C)$

| PARAMETER                    | SYMBOL           | VALUE      | UNIT |
|------------------------------|------------------|------------|------|
| Collector Base Voltage       | V <sub>CBO</sub> | 160        | V    |
| Collector Emitter Voltage    | V <sub>CEO</sub> | 150        | V    |
| Emitter Base Voltage         | V <sub>EBO</sub> | 5          | V    |
| Collector Current Continuous | I <sub>c</sub>   | 600        | mA   |
| Power Dissipation            | P <sub>tot</sub> | 200        | mW   |
| Junction Temperature         | T <sub>i</sub>   | 150        | °C   |
| Storage Temperature Range    | T stg            | -55 to 150 | °C   |

## Continental Device India Pvt.Limited

An ISO/TS 16949, ISO 9001 and ISO 14001 Certified Company

#### **Customer Notes:**

#### **Component Disposal Instructions**

- 1. CDIL Semiconductor Devices are RoHS compliant, customers are requested to please dispose as per prevailing Environmental Legislation of their Country.
- 2. In Europe, please dispose as per EU Directive 2002/96/EC on Waste Electrical and Electronic Equipment (WEEE).

#### DICLAIMER

The product information and the selection guides facilitate selection of the CDIL's Semiconductor Device(s) best suited for application in your product(s) as per your requirement. It is recommended that you completely review our Data Sheet(s) so as to confirm that the Device(s) meet functionality parameters for your application. The information furnished in the Data Sheet and on the CDIL Web Site/CD is believed to be accurate and reliable. CDIL however, does not assume responsibility for inaccuracies or incomplete information. Furthermore, CDIL does not assume liability whatsoever, arising out of the application or use of any CDIL product; neither does it convey any license under its patent rights nor rights of others. These products are not designed for use in life saving/support appliances or systems. CDIL customers selling these products (either as individual Semiconductor Devices or incorporated in their end products), in any life saving/support appliances or systems or applications do so at their own risk and CDIL will not be responsible for any damages resulting from such sale(s).
