05003094001	1 x 3/8" x 100 mm

K120

11990177	1 x 70 x 50 mm
----------	----------------

**Bit sockets with retaining
function for hexagon socket
screws**

The clamping of the screw is achieved by a flexible locking ball. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
