

8767 A HF TORX® Zyklus bit socket with holding function, 1/4" drive, TX 40 x 28 mm

Innovations and Autumn/Winter Campaign 2017/2018

EAN:	4013288186935	Size:	100x44x20 mm
Part number:	05003371001	Weight:	20 g
Article number:	8767 A HF	Country of origin:	CZ
		Customs tariff number:	82079030

- Bit socket (non-impact) for manual or machine tool operations
- The holding function holds screws securely on the tool
- With Take it easy tool finder: colour coding by size
- Knurling on lower end for more grip when used manually
- Chrome vanadium steel, matt chrome-plated

Bit socket with 1/4 inch drive and holding function for extremely convenient screwdriving with reduced risk of losing the screw when addressing the workpiece. "Take it easy" Tool Finder with colour coding according to size - for simple and rapid accessing of the required tool.

8767 A HF TORX® Zyklop bit socket with holding function, 1/4" drive, TX 40 x 28 mm

Innovations and Autumn/Winter Campaign 2017/2018

Bit sockets with holding function for TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
