

**EAN:** 4013288031907

**Part number:** 05118008001

**Article number:** 2035 Micro

**Size:** 177x13x13 mm

**Weight:** 13 g

**Country of origin:** CZ

**Customs tariff number:** 82054000

**Application:** Slotted screws

**Blade:** Round

**Design:** Chrome-plated, Black Point

**Handle:** Kraftform Micro with non-roll feature and rotating cap, multi-component. Take it easy tool finder: colour coding according to profile (yellow = slotted) and size stamp.

#### Kraftform Micro Handle

Multi-component screwdriver handle for ergonomic working.

#### The refined screwdriver for electronics technicians

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

#### The precision zone

The precision zone directly above the blade gives the user a better feel for the right rotation angle during fine adjustment work.

#### The power zone

The power zone has integrated soft zones near the blade tip to ensure high torque transfer for loosening or tightening screws without losing contact with the screw.

#### The fast-turning zone

The fast-turning zone just below the rotating cap allows rapid twisting.

#### Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.

#### "Take it easy" Tool Finder

Screwdrivers with "Take it easy" tool finder: colour coding according to profile and size stamp.

#### Applications

Indispensable for many users, including electronics technicians, opticians, precision engineers, jewellers, EDP hardware fitters and model-makers
