

EAN:	4013288144652	Size:	160x85x30 mm
Part number:	05073640001	Weight:	366 g
Article number:	Bit-Check 30 Zyklus Mini 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Bit-Checks convince due to their functionality in a minimum of space
- Wera Mini ratchet for particularly fast screwdriving even in confined spaces
- Ideal for working in confined spaces
- Tough viscous bits for universal use
- In handy and robust Bit-Check

Wera Zyklus Mini 1: a symbiosis of strength and stylishness. Incredibly robust due to its drop-forged, full-steel design. Can withstand torque forces up to 65 Nm. The petite sizing is particularly suited for work in confined spaces. The thumbwheel allows fast screwdriving. Comes in a set in the proven Wera Bit-Check with socket adaptor and belt clip. Simple tool removal and reinsertion is ensured, very robust and durable.

The Zyklop Mini Ratchets

Zyklop Mini

For all difficult-to-access applications.

Small return angle

The fine tooth mechanism, with its 60 teeth, allows a small return angle of only 6° – ideal for precision work.

Rapid screwdriving

Thumbwheel enables rapid screwdriving, even when there isn't sufficient room for ratcheting use.

Simple direction change

Simple switching between left/right operations.

Slim design

Its slim design makes it ideal for all particularly confined working situations.

Is such a small tool sufficiently resilient?

The Zyklop Mini 1 can withstand at least 65 Nm. That is far more power than can normally be transferred to such a small tool.

What parts can be connected to the Zyklop Mini 1?

Bits and sockets. Bits can be connected directly. However, a holder can be connected first and then the bit can be attached to this. This then serves as an extension with a free-turning sleeve. An adaptor e.g. Wera 870/1 is needed for sockets – 1/4" hexagonal on a square drive (included in the Bit-Check and with the individual Zyklop Mini 1 in the set).
