

## Data sheet Product FK 270 MI 220 V

Board Level heatsinks>Attachable heatsink

- universal clip-on heatsinks for design TO 220 and similar
- integrated clamp geometry for a secure fixing of the device
- angled designs with enlarged surface
- modifications and special designs according to customer's specifications

### Features

|                     |                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| material:           | copper (Cu)                                                                                                                         |
| for transistor:     | <ul style="list-style-type: none"><li>• TO 220</li><li>• TO 248</li><li>• SIP-Multiwatt</li><li>• TO 247</li><li>• TO 218</li></ul> |
| width:              | 13 mm                                                                                                                               |
| height:             | 16 mm                                                                                                                               |
| length:             | 30 mm                                                                                                                               |
| thermal resistance: | 20.4 K/W                                                                                                                            |
| surface:            | solderable surface                                                                                                                  |
| version:            | with solder lug for vertical installation                                                                                           |
| material thickness: | 0.6 mm                                                                                                                              |
