

## Data sheet Product ICK LED R 35 x 10

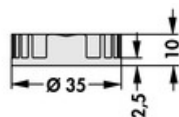

Heatsinks and active heatsinks for processors>Heatsinks for LEDs  
Ø 35 x 10 mm, for IC design LED

### Features

|                     |                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------|
| diameter:           | 35 mm                                                                                                    |
| way of fixation:    | <ul style="list-style-type: none"><li>• therm. conductive foil</li><li>• therm. cond. adhesive</li></ul> |
| height:             | 10 mm                                                                                                    |
| plate thickness:    | 2.5 mm                                                                                                   |
| thermal resistance: | 16.9 K/W                                                                                                 |
| dissipation loss:   | 9.35 W                                                                                                   |
| surface:            | black anodised                                                                                           |

### Technical Drawing

$$R_{th} = 16,9 \text{ K/W}$$
