

## Data sheet Product SK 645 50 AL

Profile heatsinks and fluid coolers>Standard extruded heatsinks  
98 x 40 mm

### Features

|                     |                                                      |
|---------------------|------------------------------------------------------|
| thermal resistance: | 1.25 - 2.2 K/W                                       |
| length:             | 50 mm                                                |
| surface:            | raw degreased aluminium (by the metre raw aluminium) |
| height:             | 70 mm                                                |
| width:              | 95 mm                                                |
| plate thickness:    | 10.5 mm                                              |

### Technical Drawing
