Fume Extractor - Model: ZD-153

1.

# SOLDER

## PEAK

## 2. Features

- Removes solder fumes efficiently.
- Adjustable angle for accurate placement, high performance and low noise fan.
- Replaceable activated carbon filter made of high quality PU foam.
- Can significantly reduce headaches, eye irritation and nausea.
- Both regular and ESD versions are available.
- Absorption capacity: 1m<sup>3</sup>/min(Max).

## 3. Specifications

Power: 23W

Dimensions: 220(W)×270(H)×168(D)mm

Weight: 1.4kg

Spare parts: 2pcs of filter

## 4. Operation

1. Take the fume extractor out of the package and put it on the table.
2. Adjust the angle of the fan as needed.
3. Plug in and switch it on. Your work is ready to go.
4. The filter should be replaced once a month under normal use as its absorption ability has declined.

## 5. Warning

- Read this manual carefully and use the item only according to this manual.
