Precise Control at Your Fingertips

Comes with seven programmable buttons; easily customize the way you play with powerful macros or key remaps giving you an in-game advantage.

On-The-Fly DPI Button

Switch to 800/1200/1600/2400 resolution through the DPI button in an instant; it provides sensitivity and accurate tracking on various surfaces. Simply change the cursor sensitivity based on what you are doing. Meet your daily work or gaming needs.

Created for Gaming Performance

The ergonomic with LED Backlit design makes it comfortable for long gaming sessions and gives you impressive light effects. It also has been optimized for fingertip and claw grips to ensure a balanced feel.

A Wide Range of Compatibility

Works with Windows and Mac operating systems, plug and play with a USB port that provides the perfect gaming experience.
