CG635F

Displayport M/F 1.4V Extension Cable

【Product Picture】

【Product Description】

Model	
CG635F	
Cable Length	
0.3M,0.5M,1M	
Interface	
Input: Displayport Male Output: Displayport Female	
Bandwidth	
Up to 32Gbps	
Resolution	
8K@60Hz/4K@120Hz/2K@144Hz	
Audio	
Uncompressed digital 7.1, 5.1 or 2 channels.	
Material	
Conductor Material	Oxygen Free Copper
Shell Material	Aluminum alloy Metal case alloy+PVC molding
Connector Material	24K Gold Plated

【Features】

- Supports max 8K@60Hz/4K@120Hz/2K@144Hz
- Audio & Video Sync Transmission: Extend Displayport , Solve the problem that original Displayport cable of device is too short;
- Designed with tinned copper and triple-layer shielding, Strong Anti-interference Capability;
