CG685F

MiniDP/M to DP/F Extension Cable 1.4V

【Product Picture】

【Product Description】

Model	
CG685F	
Cable Length	
0.3M,0.5M	
Interface	
Input: Mini Displayport Male Output: Displayport Female	
Bandwidth	
Up to 32Gbps	
Resolution	
8K@60Hz/4K@120Hz/2K@144Hz	
Audio	
Uncompressed digital 7.1, 5.1 or 2 channels.	
Material	
Conductor Material	Oxygen Free Copper
Shell Material	Aluminum alloy Metal case alloy+PVC molding
Connector Material	24K Gold Plated

【Features】

- Supports max 8K@60Hz/4K@120Hz/2K@144Hz
- Audio & Video Sync Transmission: Supports both high-definition audio and video pass through from your Mini Displayport computer to an DP input for video streaming or gaming
- Designed with tinned copper and triple-layer shielding, Strong Anti-interference Capability;
- The aluminum shell, nylon braided cover and gold-plated connectors all ensure the superior durability under the heavy usage and multiple plugging and unplugging;
- Plug and play without driver dependent
