

Qoltec Label printer | thermal

Product code: 50245

Qoltec thermal printer is a product made of high-quality materials. The direct printing method used will reduce the required working time, which will significantly affect the efficiency of your company. It's ideal for use in retail outlets, wholesalers and many other places where receipt printing is necessary.

Professional solution for your company

Thermal printers are indispensable in retail outlets, pharmacies, wholesalers, logistics centers, when printing waybills - wherever efficient operation is required. If time is crucial in your work and deadlines are chasing you relentlessly, it's a sign that you need a trouble-free device. Qoltec printers will help you significantly increase your work efficiency, regardless of whether you are distributing goods, delivering goods or providing consumer services. Made of the highest quality materials, they are durable and ready to work in all conditions.

Bet on quality

Qoltec thermal printer for labels it's an ideal solution wherever speed and precision of label printing are important. Additionally, our product offers: - maximum print speed of 127 mm/s, - quick assembly of the paper roll in two ways - inside or outside using the feeder, - signaling the operating status - thanks to the built-in LED diode, - low operating costs - printing ribbon is cheap and readily available

Thermal print out

Thanks to the direct printing method, which is highly sensitive to temperature, the device doesn't require ink or toner. Printouts are made immediately by heating the label placed inside the printer or in the external tray.

Confidence confirmed by a warranty

You value the quality of purchased equipment so our projects and solutions are focused on meeting your expectations. Qoltec printers are covered by 24 months warranty.

Technical data

Producer	Qoltec
Printing method	Thermal line
Resolution	203 dpi
Printing speed	127 mm/s
Printing width	104 mm
Label width	26,7 mm - 120 mm
Paper width	120 mm
Paper roll diameter	80 mm
External roll diameter	120 mm
Inner roll diameter	26,7 mm
Paper type	Thermal label paper, thermal label
Detecting the paper	Proper diode colour shows if paper is over, or paper is stucked, or there is a pause in printing or device is during printing proces.
Printing life	100 km
Input power supply	24 V ; 2,5 A
TPH defect detection	Yes
Printing barcodes	UPC-A, UPC-E, EAN-13, EAN-8, CODE39, ITF, CODEBAR, CODE93
Drivers support	Xp/Win7/Win8/Win10/iOS/Linux
Interface	USB
Package	Box
Usage	Industry, trade, logistics centers
Operating temperature	0 C ~ +40 C
Storage temperatures	-20 ~ +70
Humidity	5% - 95%
Dimensions	214 x 174 x 182 mm
Package contents	Printer USB Line Adapter Power cord Quick installation guide
Net weight [kg]	1.5940
EAN code	5901878502458
